SHIRE OF GOOMALLING

FINANCIAL REPORT

FOR THE YEAR ENDED 30 JUNE 2011

LOCAL GOVERNMENT ACT 1995

LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996

STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the Shire of Goomalling being the annual financial report and supporting notes and other information for the financial year ended 30 June 2011 are in my opinion properly drawn up to present fairly the financial position of the Shire of Goomalling at 30 June 2011 and the results of the operations for the financial year then ended in accordance with the Australian Accounting Standards and comply with the provisions of the Local Government Act 1995 and the regulations under that Act.

Signed on the 22nd day of March 2012

Clem Kerp

Chief Executive Officer

1 SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of the financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of Preparation

The financial report is a general purpose financial statement which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Standards Board, the *Local Government Act* 1995 and accompanying regulations. The report has also been prepared on the accrual basis under the convention of historical cost accounting modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires the use of certain critical accounting estimates. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of this experience and other factors combine to form the basis of making judgements about carrying values or assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

(b) The Local Government Reporting Entity

All funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated. All monies held in the Trust Fund are excluded from the financial statements, but a separate statement of those monies appears at Note 18 to this financial report.

(c) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Statement of Financial Position are stated inclusive of applicable GST.

(d) Cash and Cash Equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash at bank and in hand and short-term deposits with an original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities on the Statement of Financial Position.

(e) Trade and Other Receivables

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for doubtful debts. Receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful receivables is established when there is objective evidence that the council will not be able to collect all amounts due according to the original terms of receivables. The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Inventories

(i) Raw materials and stores, work in progress and finished goods

Raw materials and stores, work in progress and finished goods are stated at the lower of cost and net realisable value. Cost comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on the basis of weighted average costs. Net realisable value is the established selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(ii) Land Held for resale/capitalisation of borrowing costs

Land held for resale is stated at the lower of cost and net realisable value. Cost is assigned by specific identification and includes the costs of acquisition, and development and borrowing costs during development. When development is completed borrowing costs and other holding charges are expensed as incurred. Borrowing costs included in the cost of land held for resale are those costs that would have been avoided if the expenditure on the acquisition and development of the land had not been made. Borrowing costs incurred while active development is interrupted for extended periods are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale. Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

(g)

Fixed Assets

Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed includes the cost of all materials, direct labour and variable and fixed overheads

Revaluation

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on a basis to reflect the already consumed or expired future economic benefits of the asset.

Those assets carried at a revalue amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be revalue with sufficient regularity to ensure the carrying amount does not differ significantly from that determined using fair value at reporting date.

Land under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact that *Local Government (Financial Management) Regulations* r. 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulations* r. 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulations r. 4(2) provides that, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(h) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets. Assets are depreciated from the date of acquisition or, in respect of internally constructed assets, from the time the asset is completed and held ready for use.

Expenditure on items of equipment under \$2,000 are not capitalised but are placed on an "Attractive Items" list for reference and maintenance.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

Buildings	30 to 50 years
Furniture and Equipment	4 to 10 years
Plant and Equipment	5 to 15years
Sealed roads and streets	
- construction/road base	50 years
Re-surfacing	
- bituminous seals	30 years
- asphalt surfaces	35 years
Gravel roads	
- construction/road base	50 years
- gravel sheet	12 years
Formed roads (unsealed)	
- construction /road base	50 years
Footpaths - Slab and Concrete	40 years
Sewerage Piping	75 years
Recreational reserves	
Water supply piping & drainage systems	75 years

The assets residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

(i) Financial Instruments

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Council becomes a part to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Council commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

Classification and Subsequent Measurement

Financial instruments are subsequently measured at fair value and amortised cost using the effective interest rate method or cost.

Fair value represents the amount for which an asset could be exchanged or a liability settled between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Financial Instruments (Continued)

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments;
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method; and
- (d) less any reduction for impairment.

The effective interest method used is to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability.

Revisions to expected future cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are financial assets held for trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short term. Derivatives are classified as held for trading unless they are designated as hedges. Assets in this category are classified as current assets.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than 12 months after the Statement of Financial Position date which are classified as non-current assets. Loans and receivables are included in trade and other receivables in the Statement of Financial Position.

(iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the council's management has the positive intention and ability to hold to maturity. If council were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. Held-to-maturity financial assets are included in non-current assets, except for those with maturities less than 12 months from the reporting date, which are classified as current assets.

(iv) Available-for-sale financial assets

Available-for-sale financial assets, comprising principally marketable equity securities, are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets unless management intents to dispose of the investment within 12 months of the Statement of Financial Position date. Investments are designated as available-for-sale if they do not have fixed maturities and fixed or determinable payments and management intends to hold them for the medium to long term.

(v) Financial Liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Impairment

At the end of each reporting period, the Council assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(j) Fair Value Estimation

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets is determined using valuation techniques. Council uses a variety of methods and makes assumptions that are based on market conditions existing at each balance date. Quoted market prices or dealer quotes for similar instruments are used for long-term debt instruments held. Other techniques, such as estimated discounted cash flows, are used to determine fair value for the remaining financial instruments.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the council for similar financial instruments.

(k) Provisions

Provisions are recognised when the council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

(I) Leases

Leases of property, plant and equipment where the council has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the lower of the fair value of the leased property and the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in other long term payables. Each lease payment is allocated between the liability and finance charges so as to achieve a constant rate on the finance balance outstanding. The interest element of the finance cost is charged to the Statement of Comprehensive Income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The property, plant and equipment acquired under finance leases are depreciated over the shorter of the asset's useful life and the lease term. Lease payments under operating leases, where substantially all the risks and benefits remain with the lesser, are charged as expenses in the periods in which they are incurred

(m) Impairment

In accordance with Australian Accounting Standards the council's assets, other than inventories, are tested annually for impairment. Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 "Impairment of Assets" and appropriate adjustments made. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. Impairment losses are recognised in the Statement of Comprehensive Income.

For non-cash generating assets of the council such as roads, drains, public buildings and the like, value in use is represented by the asset's written down replacement cost.

(n) Trade and Other Payables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the Municipality prior to the end of the financial year that are unpaid and arise when the Municipality becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(o) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measure at amortised cost using the effective interest method. Fees paid of the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the council has an unconditional right to defer settlement of the liability for at least 12 months after the Statement of Financial Position date. Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(p) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the council has a present obligation to pay resulting from employee's services provided to balance date.

The provision has been calculated at nominal amounts based on remuneration rates the council expects to pay and includes related on-costs.

Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows.

Where council does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

(q) Superannuation

The council contributes to a number of Superannuation Funds on behalf of their employees. Contributions to defined contribution plans are recognised as an expense as they become payable. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(r) Joint Venture

The municipality's interest in a joint venture has been recognised in the financial statements by including its share of any assets, liabilities, revenues and expenses of the joint venture within the relevant items reported in the Statement of Financial Position and Statement of Comprehensive Income. Information about the joint venture is set out in Note 17.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(s) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed at Note 2(c). That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operation for the current reporting period.

(t) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the council's operation cycle. In the case of liabilities where the council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non-current based on the council's intentions to release for sale.

(u) Rounding Off Figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar.

(v) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(w) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

(x) New Accounting Standards and Interpretations for Application in Future Periods

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective have not been adopted by the council for the annual reporting period ending 30 June 2011.

Council's assessment of these new standards and interpretations is set out below:

Title and Topic	Issued	Applicable (*)	Impact
(i) AASB 9 - Financial Instruments	Dec-09	1-Jan-13	Nil - The objective of this Standard is to improve and simplify the approach for classification and measurement of financial assets compared with the requirements of AASB 139. Given the nature of the financial assets of the council, it is not anticipated the standard will have any material effect.
(ii) AASB 124 - Related Party Disclosures	Dec-09	1-Jan-11	Nil - It is not anticipated the council will have any related parties as defined by the Standard.
(III) AASB 1053 - Application of Tiers of Australian Accounting Standards	Jun-10	1-Jul-13	Nil – Due to its nature and statutory requirements the Council will be deemed a Tier 1 entity and will continue To prepare general purpose financial statements
(iv) AASB 2009-12 - Amendments to Australian Accounting Standards [AASB 5, 8,108,110,112,119,133,137,139,1023 &1031 and Interpretations 2,4,16,1039 & 1052]	Dec-09	1-Jan-11	Nil - The revisions embodied in this standard relate to standards which do not apply to local government (ie AASB 8) or are largely editorial in nature and will have minimal effect (if any) on the accounting practices of the Council.
(v) AASB 2009-11 Amendments to Australian Accounting Standards arising from AASB 9 [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 121, 127, 128, 131, 132, 136, 139, 1023 & 1038 and Interpretations 10 & 12]	Dec-09	1-Jan-13	Nil - The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the council. (refer (ii) above).
(vi) AASB 2010 - 2 Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements [AASB 1, 2, 3, 5, 7, 8, 101, 102, 107, 108, 110, 111, 112, 116, 117, 119, 121, 123, 124, 127, 128, 131, 133, 134, 136, 137, 138, 140, 141, 1050 & 1052 and Interpretations 2, 4, 5	Jun-10	1-Jul-13	Nil – None of these amendments will have any effect on the financial report as the standard does not apply in the case of general purpose financial statements.
(vii) AASB 2010- 4 Amendments to Australian Accounting Standards arising from the Annual Improvements Project [AASB 1, 7, 101 and AASB 134 and Interpretation 13]	Jun-10	1-Jan-11	Nil - The revisions are part of the AASB's annual improvement project to help ensure consistency with presentation, recognition and measurement criteria of IFRSs. It is not anticipated these will have any effect on the Council.
(viii) AASB 2010- 5 Amendments to Australian Accounting Standards [AASB 1, 3, 4, 5, 101, 107, 112, 118, 119, 121, 132, 133, 134, 137, 139, 140, 1023 & 1038 and Interpretations 112, 115, 127, 132, 1042	Oct-10	1-Jan-11	Nil – The revisions embodied in this standard are largely editorial in nature or relate to standards not applicable to the Council and will have minimal effect (if any) on the accounting practices of the Council.
(ix) AASB 2010- 6 Amendment to Australian Accounting Standards – Disclosures on Transfers of Financial Assets [AASB 1 & AASB 7]	Nov-10	Jul-11	Nil – The revisions embodied in this standard amend disclosures required on transfers of financial assets. The Council is not expected to have any qualifying transfers
(x) AASB 2010 – 7 Amendments to Australian Accounting Standards arising from AASB 9 (December 2010) [AASB 1, 3, 4, 5, 7, 101, 102, 108, 112, 118, 120, 121, 127, 128, 131, 132, 136, 137, 139, 1023 & 1038 and Interpretations 2, 5, 10, 12, 19 & 127]	Dec-10	1-Jan-13	Nil – The revisions embodied in this standard give effect to the consequential changes arising from the issuance of AASB 9 which is not anticipated to have any material effect on the Council (refer (i) above).
(xi) AASB 2010 – 8 Amendments to Australian Accounting Standards – Deferred Tax: Recovery of Underlying Assets [AASB 112]	Dec-10	1-Jan-12	Nil – None of these amendments will have any effect on the financial report as none of the topics are relevant to the operations of the Council.

1 SIGNIFICANT ACCOUNTING POLICIES (continued)

(x) New Accounting Standards and Interpretations for Application in Future Periods (continued)

AASB 2010- 9 Amendments to Australian Accounting Dec-10 Jul-11 Standards – Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters [AASB 1] AASB 2009 – 14 Amendments to Australian Dec-09 1-Jan-11 Interpretations – Prepayments of a minimum Funding Requirement [AASB Interpretation 14] Nil – None of these amendments will have any effect on the financial report as none of the topics are relevant to the operations of the Council. AASB 2010 - 10 Further Amendments to Australian Dec-10 1-Jan-13

Accounting Standards – Removal of Fixed Dates for First-time Adopters [AASB 2009–11 & AASB 2010-17]

Notes:

(*) Applicable to reporting periods commencing on or after the given date.

(y) Adoption of New and Revised Accounting Standards

During the current year, the council adopted all of the new and revised Australian Accounting Standards and Interpretations which became mandatory and which were applicable to its operations.

These new and revised standards were:

AASB 2009 - 5

AASB 2009 - 8

AASB 2009 - 8

AASB 2009 - 13

AASB 2010 - 1

AASB 2010 - 3

Interpretation 19

The standards adopted had a minimal effect on the accounting and reporting practices of the Council as they were either largely editorial in nature, were revisions to help ensure consistency with presentation, recognition and measurement criteria of IFRSs or related to topics not relevant to operations.

(b) Statement of Objectives, Reporting Programs and Nature or Type Classifications

The Shire of Goomalling is dedicated to providing high quality services to the community through the various service orientated programs which it has established

REPORTING PROGRAM DESCRIPTIONS

Council operations that are disclosed encompass the following service orientated activities/programs:

GOVERNANCE

Objective: To provide a decision making process for the efficient allocation of scarce resources.

Activities: Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

GENERAL PURPOSE FUNDING

Objective: To collect revenue to allow for the provision of services.

Activities: Rates, general purpose government grants, and interest revenue.

LAW, ORDER, PUBLIC SAFETY

Objective: To provide services to help ensure a safer and environmentally conscious community.

Activities: Supervision and enforcement of various local laws relating to fire prevention, animal control and protection of the environment and other aspects of public safety including emergency services.

HOUSING

Objective: To provide and maintain elderly residents housing. **Activities:** Provision and maintenance of elderly residents housing.

COMMUNITY AMENITIES

Objective: To provide services required by the community.

Activities: Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.

RECREATION AND CULTURE

Objective: To establish and effectively manage infrastructure and resources which will help the social well being of the community.

Activities: Maintenance of public halls, civic centre, aquatic centre, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.

TRANSPORT

Objective: To provide safe, effective and efficient transport services to the community.

Activities: Construction and maintenance of roads, streets, footpaths, depots, cycleways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.

ECONOMIC SERVICES

Objective: To help promote the shire and it's economic wellbeing.

Activities: Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building control.

OTHER PROPERTY & SERVICES

Objective: To monitor and control council's overheads operating accounts.

Activities: Private works operation, plant repair and operation costs and engineering operation costs.

2 OPERATING REVENUES AND EXPENSES (Continued)

(c) Nature or Type Classifications

The Shire of Goomalling is required by the Australian Accounting Standards to disclose revenue and expenditure according to it's nature or type classification. The following nature or function descriptions are also required by State Government regulations

Revenue

Rates

All rates levied under the Local Government Act 1995. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Excludes administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

Operating Grants, Subsidies and

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

Non-Operating Grants, Subsidies and

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Service Charges

Service charges imposed under Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services. Excludes rubbish removal charges.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates, etc.

Expenditure

Employee Costs

All costs associated with the employment of persons such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefits tax etc.

Material and Contracts

All expenditure on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Utilities (Gas, Electricity, Water, etc)

Expenditures made to respective agencies for the provision of power, gas or water. Excludes expenditure incurred for the re-instatement of road works on behalf of these agencies.

- 2 OPERATING REVENUES AND EXPENSES (Continued)
- (c) Nature or Type Classifications (continued)

Depreciation on Non-Current Assets

Depreciation and amortisation expense raised on all classes of assets.

Loss on Asset Disposal

Loss on the disposal of fixed assets.

Interest Expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Other Expenditure

Statutory fees, taxes, provision of bad debts. Donations and subsidies made to community groups.

11 RESERVES - CASH BACKED (Continued)

All of the cash backed reserve accounts are supported by money held in financial institutions and match the amounts shown as restricted cash in Note 3 and 4 to this financial report.

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Bitumen Reserve

- to be used to fund future maintenance of existing roads and the construction of new bitumen roads.

Long Service Leave Reserve

- to be used to fund long service leave requirements.

Mortlock Lodge Reserve

- to be used for maintenance and improvements to the Mortlock Retirement Units.

Office Equipment Reserve

- to be used for the purchase of new office equipment.

Plant Replacement Reserve

- to be used for the future replacement of plant.

Sanitation Reserve

- to be used to maintain and improve sanitation services to the community.

Sport & Recreation Reserve

- to be used for the upgrading and improvements to sporting and recreational facilities within the Shire.

Staff Housing Reserve

- to be used for the maintenance, upgrading and construction of new housing for Council's employees or public rental housing.

Staff Training Reserve

- to be used for future training of Council's staff.

Two Way Radio Reserve

- to be used to for the upkeep and improvement to council's two way network.

Streetscape Reserve

- to be used for the maintenance and improvements of roads & streets within the municipality.

Aged Care Reserve

- to be utilised to provide for the needs of the aged.

Vehicle Reserve

- to be used for the purchase of motor vehicles and utilities if at a future date council ceases to lease the same.

Landcare Project Officer Reserve

- to be used to fund the purchase of a new vehicle for the Lnadcare Co-ordinator.

Community Bus Reserve

- to be used to fund the purchase of a new community bus.

Sewerage Reserve

- to be used to maintain and upgrade the sewerage scheme in the Goomalling townsite.

SEED (Social Economic & Environmental Development) Reserve

- to be used for the social and economice & environmental development for the district of the Shire of Goomalling.

Sport & Recreation Co-Ordinator Leave Entitlements Reserve

- to be used to fund annual leave for the Sport and Recreation Officer.

LCDC Reserve

- to be used to fund Landcare Activities

It's the Shire's intention to utilise the Funds held in the abovementioned Reserves for the purpose of not utilising external Overdraft Facilities from time to time during the Financial year. The benefits to the Shire is that it reduces its Financing Costs.

12 RESERVES - ASSET REVALUATION

 $\label{prop:local_asset} \textbf{Asset revaluation reserves have arisen on revaluation of the following classes of assets:} \\$

25 SERVICE CHARGES - 2010/11 FINANCIAL YEAR

Council did not raise any service charges during the 2010/11 financial year.

26 DISCOUNTS, INCENTIVES, CONCESSIONS, & WRITE-OFFS

(a) Discounts

The council does not offer a discount on rates for those who pay their rates in full within 35 days of the date of service appearing on the rate notice.

(b) Write-Offs

The council did not write off any rates during the financial year ending 30 June 2011

(c) Waivers

The council did not offer any waivers during the financial year ending 30 June 2011

(d) Concessions

Pursuant to section 6.46 of the Local Government Act a Concession of 10% was offered to ratepayers in the Central and South Wards.

In addition ratepayers making payment of their rates in full within 35 days of the date of issue of the notice are eligible to enter the early payment prize draws consisting of the following:

- a) A \$600 Voucher to be spent at any of the Business in the Shire of Goomalling
- b) A \$300 Voucher to be spent at any of the Business in the Shire of Goomalling
- c) A 100 Voucher to be spent at any of the Businesses in the Shire of Goomalling

Photcopy Charges are waived for certian community group such as the St John Ambulance and Volunteer Bush Fire Brigade. Council considers its support of these group necessary for the overall benefit of the community.

27 INTEREST CHARGES AND INSTALMENTS - 2010/11 FINANCIAL YEAR

	Interest	Admin.	Revenue	Budgeted
	Rate	Charge		Revenue
	%	\$	\$	\$
Interest on Unpaid Rates	11%		12,660	6,930
Interest on Instalments Plan	5.50%		3,347	1,370
Charges on Instalment Plan		\$5	1,545	1,370
			17,552	9,670

Ratepayers had the option of paying rates in four equal instalments, due on 13th September 2010, 13th November 2009, 13th January 2011 and 13th March 2011. Administration charges and interest applied for the final three instalments.

28 FEES & CHARGES	2010/11 Actual \$	2010/11 Budget \$	2009/10 Actual \$

33 Major Land Transactions

(a) Details

The council proposes to continue developing major land transactions during the year.

The Shire of Goomalling has undertaken rural residential subdivisions in Salmon Gum Way and Grange Street Goomalling

The Shire will conduct either auction or tender process for the Sale of lots for Salmon Gum Way

In relation to rural lots in Grange Street, the sale will be by tender process at market valuations.

The proceeds from the sale of the two rural residential subdivisions will be applied towards the repayment of loans raised to finance

the development and thereafter any surplus funds remaining will be held in the Municipal Fund Account. A Business Plan was prepared for the two rural residential subdivisions in accordance with

section 3.59 of the Local Government Act 1995

(b)	Transactions to Date		Total to Date

	Total Costs to Develop the two Subdivisions to date	=	1,505,340

⁽c) The council raised loans to finance the development of the two subdivisions and as at 30 June 2011 the loans had been repaid in full from the general purpose income of the Shire.

34 TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

Council did not participate in any trading undertakings or mayor trading undertakings during the 2010/2011 financial year

35 FINANCIAL RISK MANAGEMENT

The Shires's activities expose it to a variety of financial risk including price risk, credit risk, liquidity risk and interest rate risk. The Shires's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Shire.

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk

Financial risk management is carried out by the finance area under policies approved by the Shire. The Shire held the following financial instruments at balance date.

	Carryin 2010/11	Carrying Value 2010/11 2009/2010		alue 2009/2010
Financial Assets				
Cash and cash equivalents	1,252,241	1,252,190	1,252,241	1,252,190
Receivables	289,584	396,032	289,584	396,032
Financial assets at fair value through profit or loss				
Available for sale financial assets - Land Held for	1,505,340	1,367,763	1,505,340	1,367,763
Resale at Cost Held to maturity investments	1,505,540	1,307,703	1,505,540	1,307,703
, , ,	3,047,165	3,015,985	3,047,165	3,015,985
Financial Liabilities				
Bank Overdraft	1,587,337	1,399,265	1,587,337	1,399,265
Payables	154,431	249,401	154,431	249,401
Borrowings	1,776,641	2,197,232	1,776,641	2,197,232
	3,518,409	3,845,898	3,518,409	3,845,898

Fair value is determined as follows:

* Cash and Cash Equivalents, Receivables, Payables - estimated to be the carrying value which approximates net market value.

(a) Cash and Cash Equivalents

The Shires's objective is to maximise its return on cash and cash equivalents whilst maintaining an adequate level of liquidity and preserving capital. The Finance Section manages the cash and investments portfolio with the assistance of independent advisers. The Shire has an investment policy which complies with the relevant legislations. The policy is regularly reviewed by the Shire and an Investment Report provided to the Shire monthly setting out the make-up and performance of the portfolio.

Cash and investments are also subject to interest rate risk - the risk that a contracting entity will not complete its obligations under a financial instrument resulting in a financial loss to the Shire.

35 FINANCIAL RISK MANAGEMENT (continued)

30-Jun-10 \$ \$

The council's cash investment portfolio as at the 30 June 2011 totalling \$1.25 million is held in an interest bearing deposit with the Bendigo Bank. The likelihood of the capital value of the financial instrument fluctuating due to changes in the market prices would appear to be minimal.

Impact of a 1% movement in interest rates on cash and investments

•	Equity	\$12,500	\$12,500
•	Statement of Comprehensive Income	\$12,500	\$12,500

The impact on the council's \$1.25 million cash investment portfolio in the event of a 1% movement in market interest rates could result in investment returns being reduced by up to \$12,500.

(b) Receivables

The Shire's major receivables comprise rates and annual charges and user charges and fees. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing stringent debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land - that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates which further encourages payment.

The level of outstanding receivables is reported to the Shire monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire makes suitable provision for doubtful receivables as required and carries out credit checks on most non-rate debtors.

There are no material receivables that have been subject to a re-negotiation of repayment terms.

35 FINANCIAL RISK MANAGEMENT (continued)

(b) Receivables (continued)

The profile of the Shire's credit risk at balance date was:

	•	30-Jun-11	30-Jun-10	
		%	%	
Perc	entage of Rates and Annual Charges			
•	Current	94.75%	95.09%	
•	Overdue	5.25%	4.91%	

The rates collectable as per the statement of rating information total \$1,388,997. The rate arrears as at 30 June 2010 was \$51,765 and at 30 June 2011 the arrears totalled \$76,492. The rate collection percentage of the council for the financial year ended 30 June 2011 was therefore 94.75%

Percentage of Other Receivables

•	Current	82.00%	79.35%
•	Overdue	18.00%	20.65%

Current Receivables represents 30 days or less and Overdue more than 30 days

35 FINANCIAL RISK MANAGEMENT (Continued)

(c) Payables Borrowings

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon in extenuating circumstances.

The contractual undiscounted cash-flows of the Shire's Payables and Borrowings are set out in the Liquidity Sensitivity Table Below:

		Due within	Due	Due	Total	Carrying
		1 year	between	after	contractual	values
		\$	1 & 5 years \$	5 years \$	cash flows \$	\$
		Ψ	Ψ	Ψ	Ψ	Ψ
<u>2011</u>						
Payables		154,431			154,431	154,431
Borrowings - Loan Principal		51,222	211,712	936,758	1,199,692	1,199,692
Borrowings - Interest	***	1,616	26,136	811,434	839,186	Nil
Finance Lease - Lease Principal		41,676	535,273	Nil	576,949	576,949
Finance Lease - Lease Interest		2,523	86,778	Nil	89,301	Nil
		251,468	859,899	1,748,192	2,859,559	1,931,072
<u>2010</u>						
Payables		228,464			228,464	228,464
Borrowings - Loan Principal		308,734	386574	1,006,110	1,701,418	1,701,418
Borrowings - Interest	***	14,026	24168	912328	950,522	Nil
Finance Lease - Lease Principal		51,959	443854	Nil	495,813	495,813
Finance Lease - Lease Interest		2,800	52,500	Nil	55,300	Nil
		605,983	907,096	1,918,438	3,431,517	2,425,695

The interest due over the life of loans 104,105,106 as included in the above figures has been estimated due to the loan debenture schedules for these loans not being available at the time of preparing the annual accounts.

Borrowings are also subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate on a basis that is most suitable for the circumstance. Shire officers regularly review interest rate movements to determine if it would be advantageous to refinance or renegotiate part, or all of the loan portfolio.

The following interest rates were applicable to the Shire's borrowing at balance date

	30-Jun-11		30-Jun-10	
	Weighted Balance		Weighted	Balance
	average		average	
	interest		interest rate	
	rate			
	%	\$	%	\$
Overdraft	11.14%	1,587,337	10.89%	1,399,265
