Principal place of business: 32 Quinlan Street Goomalling WA 6460

## SHIRE OF GOOMALLING FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2021

Local Government Act 1995 Local Government (Financial Management) Regulations 1996

## STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the Shire of Goomalling for the financial year ended 30 June 2021 is based on proper accounts and records to present fairly the financial position of the Shire of Goomalling at 30 June 2021 and the results of the operations for the financial year then ended in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Signed on the

22nd day of December 2021

Chief Executive Officer

Peter Bentley

Name of Chief Executive Officer

BUTLER SETTINERI

| Note 33 | Financial Ratios                                      | 56 |

## 1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the Local Government Act 1995 and accompanying regulations.

The Local Government Act 1995 and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the at fair value of selected non-current assets, financial assets and liabilities.

## THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

INITIAL APPLICATION OF ACCOUNTING STANDARDS During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations

which were compiled, became mandatory and which were applicable to its operations.

These were:

- AASB 1059 Service Concession Arrangements: Grantors

- AASB 2018-7 Amendments to Australian Accounting Standards - Definition of Materiality

The adoption of these standards had no material impact on the financial report.

## NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

The following new accounting standards will have application to local government in future years:

- AASB 2020-1 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current
- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates

It is not expected these standards will have an impact on the financial report.

## CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

Other financial assets

Property, plant and equipment

Infrastructure

Provisions

## 2. REVENUE AND EXPENSES

## REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

| Revenue Category   | Nature of goods and services   | When obligations typically satisfied | Payment terms   | Returns/Refunds/<br>Warranties                | Determination of transaction price   | Allocating<br>transaction<br>price  | Measuring<br>obligations for<br>returns   | Timing of revenue recognition  |
|--|--|--------------------------------------|---|---|--|---|---|--|
| Rates  | General Rates  | Over time                            | Payment dates<br>adopted by Council<br>during the year                            | None  | Adopted by Council annually  | When taxable event occurs   | Not applicable  | When rates notice is issued  |
| Grant contracts with customers   | Community events, minor facilities, research, design, planning evaluation and services                                       | Over time                            | Fixed terms transfer<br>of funds based on<br>agreed milestones<br>and reporting   | Contract obligation if project not complete   | Set by mutual agreement with the customer  | Based on the<br>progress of<br>works to match<br>performance<br>obligations | Returns limited<br>to repayment of<br>transaction<br>price of terms<br>breached | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Grants, subsidies<br>or contributions for<br>the construction of<br>non-financial assets | Construction or<br>acquisition of<br>recognisable non-financial<br>assets to be controlled by<br>the local government        | Over time                            | Fixed terms transfer<br>of funds based on<br>agreed millestones<br>and reporting  | Contract obligation if project not complete   | Set by mutual agreement with the customer  | Based on the progress of works to match performance obligations             | Returns limited<br>to repayment of<br>transaction<br>price of terms<br>breached | Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared |
| Grants with no<br>contract<br>commitments  | General appropriations<br>and contributions with no<br>reciprocal commitment   | No<br>obligations                    | Not applicable  | Not applicable                                | Cash received  | On receipt of funds   | Not applicable  | When assets are controlled   |
| Licences/<br>Registrations/<br>Approvals   | Building, planning,<br>development and animal<br>management, having the<br>same nature as a licence<br>regardless of naming. | Single point in time                 | Full payment prior to issue   | None  | Set by State<br>legislation or limited<br>by legislation to the<br>cost of provision | Based on timing<br>of issue of the<br>associated<br>rights                  | No refunds  | On payment and issue of the licence, registration or approval  |
| Pool inspections   | Compliance safety check  | Single point in time                 | Payment in line with inspection   | None  | Set by State<br>legislation  | Applied fully on<br>timing of<br>inspection                                 | No refunds  | Revenue recognised after inspection event occurs   |
| Other inspections  | Regulatory Food, Health and Safety   | Single point in time                 | Full payment prior to inspection  | None  | Set by State<br>legislation or limited<br>by legislation to the<br>cost of provision | Applied fully on timing of inspection                                       | Not applicable  | Revenue recognised after inspection event occurs   |
| Waste<br>management<br>collections   | Kerbside collection service  | Over time                            | Payment on an<br>annual basis in<br>advance                                       | None  | Adopted by Council annually  | When taxable event occurs   | Not applicable  | When rates notice is issued  |
| Waste<br>management entry<br>fees  | Waste treatment,<br>recycling and disposal<br>service at disposal sites  | Single point in time                 | Payment in advance<br>at gate or on normal<br>trading terms if credit<br>provided | None  | Adopted by Council annually  | Based on timing<br>of entry to<br>facility                                  | Not applicable  | On entry to facility   |
| Property hire and entry  | Use of halls and facilities  | Single point in time                 | In full in advance  | Refund if event<br>cancelled within 7<br>days | Adopted by Council annually  | Based on timing of entry to facility  | Returns limited<br>to repayment of<br>transaction<br>price                      | On entry or at conclusion of hire  |
| Fees and charges<br>for other goods and<br>services                                      | Cemetery services, library<br>fees, rental income,<br>reinstatements and<br>private works                                    | Single point in time                 | Payment in full in advance  | None  | Adopted by Council annually  | Applied fully based on timing of provision                                  | Not applicable  | Output method based on provision of service or completion of works   |
| Commissions  | Commissions on licencing and ticket sales  | Over time                            | Payment in full on sale   | None  | Set by mutual<br>agreement with the<br>customer                                      | On receipt of funds   | Not applicable  | When assets are controlled   |
| Reimbursements   | On- charge of expenses &<br>Insurance claims   | Single point in time                 | Payment in arrears<br>for claimable event   | None  | Set by mutual<br>agreement   | When claim is<br>agreed   | Not applicable  | When claim is agreed   |

## 2. REVENUE AND EXPENSES (Continued)

### (a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

## Operating grants, subsidies and contributions

Governance General purpose funding Law, order, public safety Health Community amenities Recreation and culture

Recreation and culture
Transport
Economic services

## Non-operating grants, subsidies and contributions

General purpose funding Recreation and culture Transport Economic services

## Total grants, subsidies and contributions

## Fees and charges

Governance
General purpose funding
Law, order, public safety
Health
Housing
Community amenities
Recreation and culture
Economic services
Other property and services

There were no changes to the amounts of fees or charges detailed in the original budget.

## SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

|     |  | the same of the sa |                |                |

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

## 2. REVENUE AND EXPENSES (Continued)

## (a) Revenue (Continued)

## Revenue from statutory requirements

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:

General rates Specified area rates Statutory permits and licences Fines

## Other revenue

Reimbursements and recoveries Sale of inventory

## Interest earnings

Financial assets at amortised cost - self supporting loans Interest on reserve funds Rates instalment and penalty interest Other interest earnings

## SIGNIFICANT ACCOUNTING POLICIES

## Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

## SIGNIFICANT ACCOUNTING POLICIES

## Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value

## Restricted assets

Restricted asset balances are not available for general use by the Shire due to externally imposed restrictions.

Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserves - cash/financial assets backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

|                               | Anticipated |   |
|-------------------------------|-------------|---|
| Name of Reserve               | date of use | Purpose of the reserve  |
| (a) Leave Reserve             | Ongoing     | To be used to fund long service leave requirements.   |
| (b) Mortlock Lodge Reserve    | Ongoing     | To be used for maintenance and improvements to the Mortlock Lodge Retirement Units.                                       |
| (c) Aged Care Reserve         | Ongoing     | To be used to provide for the needs of the aged.  |
| (d) LCDC Reserve              | Ongoing     | To be used to fund Landcare Activities  |
| (e) SW LAG Officer AL/LSL     | Ongoing     | To be used to fund the SW LAG Officer annual and long service leave requirements.   |
| (f) Sewerage Reserve          | Ongoing     | To be used to maintain and upgrade the sewerage scheme in the Goomalling townsite.  |
| (g) Staff Housing Reserve     | Ongoing     | To be used for the maintenance, upgrading and construction of new housing for Council employees or public rental housing. |
| (h) Community Bus Reserve     | Ongoing     | To be used to purchase a new Community Bus when the time arises.  |
| (i) Vehicle Reserve           | Ongoing     | To be used to purchase motor vehicles and utilise if at a future date Council ceases to lease vehicles.                   |
| (j) Plant Replacement Reserve | Ongoing     | To be used for the future replacement of plant.   |

## Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

## Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

## Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 28.

## 6. TRADE AND OTHER RECEIVABLES

### Current

Rates receivable Trade and other receivables GST receivable

## Non-current

Pensioner's rates and ESL deferred

## SIGNIFICANT ACCOUNTING POLICIES

## Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

## Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 28.

| 2021    | 2020    |
|---------|---------|
| \$      | \$      |
| 188,207 | 216,986 |
| 50,374  | 91,911  |
| 30,173  | 28,605  |
| 268,754 | 337,502 |
| 84,895  | 84,547  |
| 84,895  | 84,547  |

## SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

## 7. INVENTORIES

## Current

Fuel and materials

## Non-current

Land held for resale - cost Cost of acquisition Less Impairment

The following movements in inventories occurred during the year:

## Balance at beginning of year

Inventories expensed during the year Additions to inventory

Balance at end of year

## SIGNIFICANT ACCOUNTING POLICIES

## General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

## Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

| 2021      | 2020      |
|-----------|-----------|
| \$        | \$        |
| 30,899    | 34,106    |
| 30,899    | 34,106    |
| 929,261   | 929,261   |
| (399,261) | (399,261) |
| 530,000   | 530,000   |
| 564,106   | 563,371   |
| (115,107) | (113,517) |
| 111,900   | 114,252   |
| 560,899   | 564,106   |

## Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

## 8. PROPERTY, PLANT AND EQUIPMENT

## (a) Movements in Balances

Movement in the balances of each class of property, plant and equipment between the beginning and the end of the current financial year.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. Following a change to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximates cost at the date of change.

## 9. INFRASTRUCTURE

## (a) Movements in Balances

Movement in the balances of each class of infrastructure between the beginning and the end of the current financial year.

Level 3 Inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis fo these assumptions were varied, they have the potential of result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

## 10. FIXED ASSETS (CONTINUED)

## SIGNIFICANT ACCOUNTING POLICIES

### Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses

## Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings and infrastructure acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

## Revaluation

The fair value of land, buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

## Revaluation (Continued)

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

## AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

## Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, is treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

## Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with Local Government (Financial Management) Regulation 17A(2)(iv) is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost.

Refer to Note 11 that details the significant accounting policies applying to leases (including right-of-use assets).

## SIGNIFICANT ACCOUNTING POLICIES

### Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

## Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

| Asset Class                              | Useful life                  |
|--|------------------------------|
| Buildings                                | 30 to 50 years               |
| Furniture and equipment                  | 4 to 10 years                |
| Plant and equipment                      | 5 to 14 years                |
| Sealed roads and streets                 |                              |
| formation                                | not depreciated              |

| seal                                     |                              |
| - bituminous seals                       | 20 years                     |
| - asphalt surfaces                       | 25 years                     |
| Gravel roads                             |                              |
| formation                                | not depreciated              |
| pavement                                 | 50 years                     |
| Footpaths - slab                         | 20 years                     |
| Sewerage piping                          | 100 years                    |
| Water supply piping and drainage systems | 75 years                     |
| Right of use (plant and equipment)       | Based on the remaining lease |

## Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

## 11. LEASES

## (a) Right-of-Use Assets

Movement in the balance of each class of right-of-use asset between the beginning and the end of the current financial year.

Depreciation (expense)
Balance at 30 June 2021

The following amounts were recognised in the statement of comprehensive income during the period in respect of leases where the entity is the lessee:

Depreciation expense on lease liabilities
Interest expense on lease liabilities
Short-term lease payments recognised as expense
Total amount recognised in the statement of comprehensive income

Total cash outflow from leases

|  | POLICIES |
|--|----------|

## Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Leases for right-of-use assets are secured over the asset being leased.

| Right of Use     |                     |
|------------------|---------------------|
| Assets plant and | Right-of-use assets |
| equipment        | Total               |

## Right-of-use assets - valuation

Right-of-use assets are measured at cost. This means that all right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 for details on the significant accounting policies applying to vested improvements.

## Right-of-use assets - depreciation Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

## 11. LEASES (CONTINUED)

## (b) Property, Plant and Equipment Subject to Lease

The table below represents a maturity analysis of the undiscounted lease payments to be received after the reporting date.

Less than 1 year 1 to 2 years

| 2021<br>Actual | 2021<br>Budget | 2020<br>Actual |

## SIGNIFICANT ACCOUNTING POLICIES

The Shire as Lessor

Upon entering into each contract as a lessor, the Shire assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the Entity applies AASB 15 to allocate the consideration under the contract to each component.

## 12. REVALUATION SURPLUS

| 2020       | Opening<br>Balance  |
| 2021       | Closing<br>Balance  |
| Total      | Movement on<br>Revaluation  |
| 2021       | Revaluation<br>Increment  |
| 2021       | Opening<br>Balance  |

Movements on revaluation of property, plant and equipment (including infrastructure) are not able to be reliably attributed to a program as the assets were revalued by class as provided for by AASB 116 Aus 40.1.

\*Impairment reversal due to an incorrect impairment recognised as at 30 June 2020.

## 13. TRADE AND OTHER PAYABLES

## Current

Sundry creditors
Prepaid rates
Accrued salaries and wages
ATO liabilities
Bonds and deposits held
Accrued Interest on Loans

## SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

| 2020    |
|---------|
| \$      |
| 86,950  |
| 129,887 |
| 10,508  |
| 25,243  |
| 11,267  |
| 44,494  |
| 308,349 |
|         |

## Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

## 14. CONTRACT LIABILITY

## Current

Contract liabilities

Performance obligations for each type of liability are expected to be recognised as revenue in accordance with the following time band:

Less than 1 year

| the same of the sa |             | and the second s |
|--|-------------|--|
| CICKIELO   | ANT ACCOUNT | ING POLICIES   |
|  |             |  |
|  |             |  |

## Contract liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

\* WA Treasury Corporation

Self supporting loans are financed by payments from third parties. These are shown in Note 5 as other financial assets at amortised cost.

All other loan repayments were financed by general purpose revenue.

The loans with Bendigo Bank are secured by a registered charge over the Shire's Rates, annual revenue and the Term Deposit classified as Other Financial Assets.

## SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

## Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

## Risk

Information regarding exposure to risk can be found at Note 28.

## 17. EMPLOYEE RELATED PROVISIONS

## (a) Employee Related Provisions

## Opening balance at 1 July 2020 Current provisions

Non-current provisions

Additional provision Amounts used Balance at 30 June 2021

|---------|---------|
| \$      | \$      |
| 398,597 | 182,945 |
| 191,050 | 364,269 |
| 22,721  | 22,721  |
| 612,368 | 569,935 |

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees.

Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

## SIGNIFICANT ACCOUNTING POLICIES

## **Employee benefits**

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

## Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

## Other long-term employee benefits

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at Other long-term employee benefits (Continued) rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations.

Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

## **Provisions**

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### 18. NOTES TO THE STATEMENT OF CASH FLOWS

### **Reconciliation of Cash**

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

|   | 2021<br>Actual        | 2021<br>Budget | 2020<br>Actual     |
|---|-----------------------|----------------|--------------------|
|   | \$                    | \$             | \$                 |

| 70,062,856 | 68,582,405 |

### 20. CONTINGENT LIABILITIES

Contingent contingent liabilities are not recognised in the statement of financial position but are disclosed and, if quantifiable, are measured at the best estimate.

In compliance with the Containinated Sites Act 2003 Section 11, the Shire's Waterhouse Way Refuse Site is a possible source of contamination. Until the Shire conducts an investigation to determine the presence and scope of the contamination assess the risk and agree with the Department of Water and Environmental Regulation on the need and criteria of remediation of the risk based approach the Shire is unable to estimate the potential costs associated with remediation of these sites. This approach is consistent with the Department of Water and Environmental Regulation guidelines.

### 21. CAPITAL COMMITMENTS

### (a) Capital Expenditure Commitments

The Shire has no capital commitments at the end of the current reporting period.

### 22. ELECTED MEMBERS REMUNERATION

### 23. RELATED PARTY TRANSACTIONS

### Key Management Personnel (KMP) Compensation Disclosure

| The total of remuneration paid to KMP of the | 2021<br>Actual | 2020<br>Actual |
|--|----------------|----------------|
| Shire during the year are as follows:        | \$             | \$             |
| Short-term employee benefits                 | 369,357        | 359,412        |
| Post-employment benefits                     | 44,526         | 46,853         |
| Other long-term benefits                     | 11,300         | 15,073         |
|  | 425,183        | 421,338        |

### Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

### Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

### 23. RELATED PARTY TRANSACTIONS (Continued)

### Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

The following transactions occurred with related parties:

2021 Actual Actual 20,180 39,834 345,374 285,141

2020

Sale of goods and services Purchase of goods and services

### **Related Parties**

The Shire President and Financie manager are board members at the Goomalling & Districts Community Financial Services Limited, being the local community bank compnay (Bendigo Bank). The Shire banks with Bendigo Bank.

Three Councillors have direct or indirect through close family members interest in the board of Mortlock Sports Council. The Shire has made a self supporting loan to Mortlock Sports Council as follows:

| 2021   | 2020       |
|--------|------------|
| Actual | Actual     |
| \$     | \$         |
| 12,6   | 28 0       |
| 198,1  | 44 234,957 |

### Amounts payable to related parties:

Trade and other payables Loans from associated entities

### The Shire's main related parties are as follows:

### i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

### ii. Entities subject to significant influence by the Shire

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

### 24. MAJOR LAND TRANSACTIONS

The Shire of Goomalling has undertaken a rural residential subdivision in Salmon Gum Way and Grange Street, Goomalling. The Shire will conduct either auction or tender process for the sale of lots on Salmon Gum Way. In relation to lots in Grange Street, the sale will be by tender process at market valuations. The proceeds from the sale of the two residential subdivisions will be applied towards the repayment of loans raised to finance the development and thereafter any surplus funds remaining will be held in the Municipal Fund Account. A business plan was prepared for the two rural residential subdvisions in accordance with section 3.59 of the Local Government Act 1995.

## SIGNIFICANT ACCOUNTING POLICIES

Control over assets acquired from rates is obtained at the commencement of the rating period.

the next financial year), refundable at the request of the ratepayer. Prepaid rates are, until the taxable event has occurred (start of Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

### 28. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

| Risk                        | Exposure arising from   | Measurement                       | Management   |
|-----------------------------|---|-----------------------------------|--|
| Market risk - interest rate | Long term borrowings at variable rates  | Sensitivity<br>analysis           | Utilise fixed interest rate borrowings                             |
| Credit risk                 | Cash and cash equivalents, trade receivables, financial assets and debt investments | Aging analysis<br>Credit analysis | Diversification of bank deposits, credit limits. Investment policy |
| Liquidity risk              | Borrowings and other liabilities  | Rolling cash flow forecasts       | Availability of committed credit lines and borrowing facilities    |

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

### (a) Interest rate risk

### Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

|   | Weighted<br>Average<br>Interest Rate | Carrying<br>Amounts | Fixed Interest Rate | Variable<br>Interest Rate | Non Interest<br>Bearing |
|---|--------------------------------------|---------------------|---------------------|---------------------------|-------------------------|

### Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

2021
2020

Impact of a 1% movement in interest rates on profit and loss and equity\*

\* Holding all other variables constant

### Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 16(b).

### 28. FINANCIAL RISK MANAGEMENT (Continued)

### (b) Credit risk

### Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the Shire was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2020 or 1 July 2021 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors.

The loss allowance as at 30 June 2021 for rates receivable was determined as follows:

| g 8  | Current         | More than 1 year past due | More than 2 years past due | More than 3 years past due | Total   |
|--|-----------------|---------------------------|----------------------------|----------------------------|---------|
| 30 June 2021   |                 |                           |                            |                            |         |
| Rates receivable   |                 |                           |                            |                            |         |
| Expected credit loss   | 0.00%           | 0.00%                     | 0.00%                      | 0.00%                      |         |
| Gross carrying amount  | 106,658         | 52,518                    | 22,550                     | 91,375                     | 273,101 |
| 30 June 2020 Rates receivable Expected credit loss Gross carrying amount | 0.00%<br>52,940 | 0.00%<br>43,216           | 0.00%<br>26,504            | ° 0.00%<br>178,873         | 301,533 |

The loss allowance as at 30 June 2021 and 30 June 2020 was determined as follows for trade receivables.

|                             | Current | More than 30 days past due | More than 60 days past due | More than 90 days past due | Total  |
|-----------------------------|---------|----------------------------|----------------------------|----------------------------|--------|
| 30 June 2021                |         |                            |                            |                            | ÿ.     |
| Trade and other receivables |         |                            |                            |                            |        |
| Expected credit loss        | 0.00%   | 0.00%                      | 0.00%                      | 0.00%                      |        |

| 30 June 2020                |         |                            |                            |                            |        |
| Trade and other receivables |         |                            |                            |                            |        |
| Expected credit loss        | 0.00%   | 0.00%                      | 0.00%                      | 0.00%                      |        |
| Gross carrying amount       | 49,812  | 27,843                     | 1,951                      | 12,305                     | 91,911 |

### 28. FINANCIAL RISK MANAGEMENT (Continued)

### (c) Liquidity risk

### Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 16(d).

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

|                   | Due<br>within<br>1 year | Due<br>between<br>1 & 5 years | Due<br>after<br>5 years | Total contractual cash flows | Carrying values |
|-------------------|-------------------------|-------------------------------|-------------------------|------------------------------|-----------------|
| <u>2021</u>       | \$                      | \$                            | \$                      | \$                           | \$              |
| Payables          | 359,485                 | 0                             | 0                       | 359,485                      | 359,485         |
| Borrowings        | 471,861                 | 1,367,533                     | 1,201,013               | 3,040,407                    | 2,873,325       |
| Lease liabilities | 21,412                  | 11,255                        | 0                       | 32,667                       | 32,667          |
|                   | 852,758                 | 1,378,788                     | 1,201,013               | 3,432,559                    | 3,265,477       |
| 2020              |                         |                               |                         |                              |                 |
| Payables          | 308,349                 | 0                             | 0                       | 308,349                      | 308,349         |
| Borrowings        | 506,181                 | 1,510,354                     | 1,973,165               | 3,989,700                    | 3,246,615       |
| Lease liabilities | 2,088                   | 23,230                        | 0                       | 25,318                       | 25,318          |
|                   | 816,618                 | 1,533,584                     | 1,973,165               | 4,323,367                    | 3,580,282       |

### 29. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There have been no material events after the reporting period which would affect the financial report of the Shire for the year ended 30th June 2021 or which would require a separate disclosure.

### **30. TRUST FUNDS**

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

|                  | 1 July 2020 | <b>Amounts Received</b> | <b>Amounts Paid</b> | 30 June 2021 |
|------------------|-------------|-------------------------|---------------------|--------------|
|                  | \$          | \$                      | \$                  | \$           |
| Pioneers Pathway | 60,058      | 6,806                   | (41,500)            | 25,364       |
| •                | 60,058      | 6,806                   | (41,500)            | 25,364       |

### 31. OTHER SIGNIFICANT ACCOUNTING POLICIES

### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

### c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

### f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

### g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

### h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

### Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

### Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

### Level 3

Measurements based on unobservable inputs for the asset or liability

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

### Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

### Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

### i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model ,such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

### 32. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

### PROGRAM NAME AND OBJECTIVES GOVERNANCE

To provide a decision making process for the efficient allocation of scarce resources.

### **ACTIVITIES**

Includes the activities of members of Council and the administrative support available to the Council for the provision of governance to the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

### **GENERAL PURPOSE FUNDING**
