3. MINUTES

Resolution

That the Minutes of the Annual General Meeting of Electors held on Monday, 16 April 2018, as read be confirmed as true and correct record of proceedings.

Moved: Cr Ryan Seconded: Anne Drew

CARRIED

4. MATTERS ARISING

- 34 Wollyam Street will no longer be purchased due to the South West Aboriginal Corporation determining that the property was still required for Aboriginal people.
- Retirement Village units in Wollyam Street are now been rented, two are tenanted and the other two are available for rent.
- White Street access is only from Beecroft road end to the Lions Club shed.

5. BUSINESS OF THE MEETING

5.1 Receiving of the Shire of Goomalling Annual Financial Report for the year ended 30 June 2018.

A question was raised from the floor regarding the debt situation and how the Council was going to improve the situation in the coming years. Comment was made about what auditors should be reporting to the ratepayers and what timing is appropriate.

A question was raised from the floor regarding whether rates will go up due to this situation. The CEO explained that rates will always go up and detailed the differences between the CPI and Local Government CPI.

A question was raised from the floor regarding the charging of sewerage rates and whether they would continue to rise each year and what they were for.

A question was raised from the floor regarding the number of staff and if we need so many. There was also comment that Employee costs were greater than Rate Revenue and this was explained to be due to the salaries related to the Doctor's surgery being included within the total.

A question was raised from the floor regarding residential and public building strategies and long term maintenance plans. The CEO provided an update of the progress so far.

Moved: Cr Chester, seconded Mary Anne Casey that the Shire of Goomalling Annual Financial for the year ended 30 June 2018 be received.

CARRIED

5.2 Receiving of the Annual Reports incorporating:

1. President Report
2. Chief Executive Officer's Report
3. Auditors Report

Moved: Harold Forward

Seconded: Wendy Williams

That the Shire of Goomalling 2017/2018 Annual Report, Annual Financial Report and the Independent Auditor's Report for the year ended 30 June 2018 be received.

CARRIED

6. OTHER BUSINESS

- A question from the floor regarding the replacement for Mr Linton Thomas and the meeting was advised that the Shire of Toodyay Building, Health & Planning staff would contract to the Shires of Goomalling and Dowerin and charged as a user pay system.
- A question from the floor regarding Council's intention on the management of the Corella's in the townsite as they are very noisy and destructive to the tree. Discussion continues with Jules Thygesen undertaking to provide the CEO with documentation which had been supplied to the previous CEO.
- Concerns were also raised with the availability of fresh food and groceries for the elderly, it was requested that the shire facilitate a community meeting regarding a co-operative and also how other co-operative operate in their communities. The CEO undertook to investigate the York IGA and potentially the Cunderdin model as well.
- A question from the floor regarding what the future of the Goomalling Go Cart club behind the caravan park as can be very loud when they are racing is there any intention of moving them to another location.
- A suggestion from the floor was the Council get together with surrounding Councils to encourage CBH to get the trucks off the road and the wheat on the rail as they are damaging our roads and it is dangerous.
- A question from the floor regarding the purchase of record keeping software to improve the communication and efficiently dealing with inward and outward correspondence.
- At the conclusion the CEO encouraged ratepayers to contact him in person to discuss any issues that they may have and/or via email or phone and the Shire President also encouraged community members to talk to their local Councillor as well.

7. CLOSURE

There being no further business the Shire President thanked everyone for attending and declared the meeting closed at 8.47pm.

SHIRE OF GOOMALLING
FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

*Local Government Act 1995
Local Government (Financial Management) Regulations 1996*

STATEMENT BY CHIEF EXECUTIVE OFFICER

The attached financial report of the Shire of Goomalling for the financial year ended 30 June 2019 is based on proper accounts and records to present fairly the financial position of the Shire of Goomalling at 30 June 2019 and the results of the operations for the financial year then ended in accordance with the Local Government Act 1995 and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards.

Signed on the ~~NINETEENTH~~ day of FEBRUARY 2020

Chief Executive Officer
Peter Bentely

Name of Chief Executive Officer

This statement is to be read in conjunction with the accompanying notes.

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 25 to these financial statements.

2. REVENUE AND EXPENSES (Continued)

(a) Revenue

Grant Revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Operating grants, subsidies and contributions			
General purpose funding	771,050	388,444	725,013
Law, order, public safety	7,000	7,000	12,250
Housing	20,000	0	0
Recreation and culture	0	0	33,000
Transport	0	120,000	118,156

	425,173	990,434	1,855,457
Total grants, subsidies and contributions	1,401,864	1,505,878	2,746,149

SIGNIFICANT ACCOUNTING POLICIES

Grants, donations and other contributions

Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Where contributions recognised as revenues during the reporting period were obtained on the condition that they be expended in a particular manner or used over

Grants, donations and other contributions (Continued)

a particular period, and those conditions were undischarged as at the reporting date, the nature of and amounts pertaining to those undischarged conditions are disclosed in Note 21.

That note also discloses the amount of contributions recognised as revenues in a previous reporting period which were obtained in respect of the local government's operations for the current reporting period.

2. REVENUE AND EXPENSES

(a) Revenue (Continued)	2019	2019	2018

Other interest earnings	7,884	5,000	10,396
	69,435	65,836	79,144

SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (Continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes

	237,277	401,632
	73,699	70,493
	73,699	70,493

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 24.

Previous accounting policy: Impairment of trade receivables

In the prior year, the impairment of trade receivables was assessed based on the incurred loss model. Individual receivables which were known to be uncollectible were written off by reducing the carrying amount directly. The other receivables were assessed collectively to determine whether there was objective evidence that an impairment had been incurred but not yet identified. For these receivables the estimated impairment losses were recognised in a separate provision for impairment.

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

6. INVENTORIES

	2019	2018
	\$	\$
Current		
Fuel, Materials and Books	33,371	23,694
	<u>33,371</u>	<u>23,694</u>
Non-current		
Land held for resale - cost	929,261	929,261
Less impairment	(399,261)	(399,261)
	<u>530,000</u>	<u>530,000</u>

The following movements in inventories occurred during the year:

Carrying amount at 1 July	553,693	562,036
Inventories expensed during the year	(119,285)	(135,548)
Additions to inventory	128,962	68,166
Fair value adjustment to LHFR through profit & loss	-	59,041
Carrying amount at 30 June	<u>563,371</u>	<u>553,694</u>

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Council's intentions to release for sale.

During the year, the following gains/(losses) were recognised in profit and loss:

Fair value gains/(losses) on equity investments at fair value through profit and loss are recognised in other gains/(losses) and classified as other property and services

6,151	0
6,151	0

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 24.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Previous accounting policy: available for sale financial assets

Available-for-sale financial assets were non-derivative financial assets that were either not suitable to be classified as other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

Previous accounting policy: Loans and receivables

Non-derivative financial assets with fixed or determinable payments that were not quoted in an active market and are solely payments of principal and interest were classified as loans and receivables and are subsequently measured at amortised cost, using the effective interest rate method.

Refer to Note 26 for explanations regarding the change in accounting policy.

8. PROPERTY, PLANT AND EQUIPMENT

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - freehold land	2	Market approach using recent observable market data for similar items (Net revaluation method)	Independent and Management Valuation	June 2017	Price per hectare/market borrowing rate
Buildings - non-specialised	3	Market approach using recent observable market data for similar items (Net revaluation method)	Independent and Management Valuation	June 2017	Improvements to buildings using construction costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs.
Furniture & Equipment	3	Costs approach using depreciated replacement cost (Net revaluation method).	Independent Registered Valuer	June 2015	Constructions/Purchase costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs.
Plant and equipment	3	Costs approach using depreciated replacement cost (Net revaluation method).	Independent and Management Valuation	June 2016	Constructions/Purchase costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs.
Swimming Pool & Equipment	3	Costs approach using depreciated replacement cost (Net revaluation method).	Independent and Management Valuation	June 2016	Constructions/Purchase costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

9. INFRASTRUCTURE

(a) Movements in Carrying Amounts

Movement in the carrying amounts of each class of infrastructure between the beginning and the end of the current financial year.

9. INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	3	Cost approach using depreciated replacement cost (Gross revaluation method)	Management Valuation	30 June 2015	Construction costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - Footpaths	3	Cost approach using depreciated replacement cost (Gross revaluation method)	Management Valuation	30 June 2015	Construction costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - Other Infrastructure	3	Cost approach using depreciated replacement cost (Gross revaluation method)	Independent and Management Valuation	30 June 2016	Construction costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - Drainage	3	Cost approach using depreciated replacement cost (Gross revaluation method)	Management Valuation	30 June 2015	Construction costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs
Infrastructure - Sewerage	3	Cost approach using depreciated replacement cost (Gross revaluation method)	Independent and Management Valuation	30 June 2016	Construction costs and current condition (Level 2) residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. PROPERTY, PLANT AND EQUIPMENT (INCLUDING INFRASTRUCTURE)

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of fixed assets is determined at least every three years and no more than five years in accordance with the regulatory framework. At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires property, plant and equipment to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control

In accordance with *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Land under roads

In Western Australia, all land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the fact *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government (Financial Management) Regulation 16(a)(i)* prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of *AASE 1051, Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	30 to 50 years
Drainage	100 years
Furniture & Equipment	4 to 10 years
Plant & Equipment	5 to 14 years
Roads	
Pavement	50 years
Surface	20 years
Subgrade	not depreciated
Culverts	19 years
Footpaths	20 years
Swimming Pool Infrastructure	10 - 67 years
Wastewater infrastructure	10 - 67 years
Other Infrastructure	10 to 67 years

Depreciation (Continued)

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Total facilities in use at balance date	4,405	65,079

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities
Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised when the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 24.

14. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions	Provision for Annual Leave	Provision for Long Service Leave	Total
	\$	\$	\$
Opening balance at 1 July 2018			
Current provisions	181,388	223,770	405,158
Non-current provisions	-	36,031	36,031
	181,388	259,801	441,189
Additional provision	125,049	(1,916)	123,133
Amounts used	(133,644)	(19,032)	(152,676)
Balance at 30 June 2019	172,793	238,853	411,646
Comprises			
Current	172,793	218,751	391,544
Non-current	-	20,102	20,102
	172,793	238,853	411,646

Amounts are expected to be settled on the following basis:

Less than 12 months after the reporting date

More than 12 months from reporting date

Expected reimbursements from other WA local governments

	2019	2018
	\$	\$
Less than 12 months after the reporting date	388,925	405,158
More than 12 months from reporting date	-	36,031
Expected reimbursements from other WA local governments	22,721	-
	411,646	441,189

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

15. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2019 Actual \$	2019 Budget \$	2018 Actual \$
Cash and cash equivalents	349,077	1,051,552	595,535
Reconciliation of Net Cash Provided By Operating Activities to Net Result

	<u>68,979,921</u>	<u>70,797,531</u>

17. CONTINGENT LIABILITIES

The Shire of Goomalling is not aware of any contingent liabilities as at the reporting date.

18. LEASING COMMITMENTS

The Shire of Goomalling had no capital expenditure commitments as at the end of the current reporting period.

(a) Operating Lease Commitments

Non-cancellable operating leases contracted for but not capitalised in the accounts.

Payable:

- not later than one year
- later than one year but not later than five years

	2019	2018
	\$	\$
	2,317	58,542
	2,088	6,537
	4,405	65,079

SIGNIFICANT ACCOUNTING POLICIES

Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses on a straight line basis over the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

19. RELATED PARTY TRANSACTIONS

Elected Members Remuneration

The following fees, expenses and allowances were paid to council members and/or the President.

	2019 Actual	2019 Budget	2018 Actual
	\$	\$	\$
Meeting Fees	13,300	17,500	21,100
President's allowance	625	2,500	2,500
Deputy President's allowance	2,500	625	625
Travelling expenses	3,250	4,500	3,623
Telecommunications allowance	487	0	529
Conference Expenses	6,548	0	3,483
	<u>26,710</u>	<u>25,125</u>	<u>31,860</u>

Key Management Personnel (KMP) Compensation Disclosure

The total of remuneration paid to KMP of the Shire during the year are as follows:

	2019 Actual	2018 Actual
	\$	\$
Short-term employee benefits	399,448	315,205
Post-employment benefits	37,952	43,547
Other long-term benefits	28,438	24,952
Termination benefits	0	0
	<u>465,838</u>	<u>383,704</u>

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave benefits accruing during the year.

Termination benefits

These amounts represent termination benefits paid to KMP.

19. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guaranties exist in relation to related parties at year end.

	2019 Actual	2018 Actual
The following transactions occurred with related parties:	\$	\$
Sale of goods and services - other related parties	0	0
Purchase of goods and services - other related parties	109,837	157,118

Related Parties

The Shire President and Finance Manager are board members at Goomalling & Districts Community Financial Services Limited, being the local community bank company (Bendigo Bank). The Shire banks with Bendigo Bank.

Four Councillors & the Finance Manager have direct or indirect through close family members interest in the board of Mortlock Sports Council. The Shire has made a self supporting loan to Mortlock Sports Council as follows:

	2019 Actual	2018 Actual
	\$	\$
	269,453	301,920

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel. (KMP)

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly are considered related parties in relation to the Shire.

20. MAJOR LAND TRANSACTIONS

Salmon Gum Way and Grange Street Subdivisions

(a) Details

The Shire of Goomalling has undertaken a rural residential subdivision in Salmon Gum Way and Grant Street, Goomalling. The Shire will conduct either auction or tender process for the sale of lots on Salmon Gum Way. In relation to lots in Grange Street, the sale will be by tender process at market valuations. The proceeds from the sale of the two rural residential subdivisions will be applied towards the repayment of loans raised to finance the development and thereafter any surplus funds remaining will be held in the Municipal Fund Account. A business plan was prepared for the two rural residential subdivisions in accordance with section 3.59 of the Local Government Act 1995.

24. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2019					
Cash and cash equivalents	0.00%	349,077	-	349,077	-
Financial assets at amortised cost - term deposits	2.05%	929,955	929,955	-	-
2018					
Cash and cash equivalents	0.00%	595,535	-	595,535	-
Financial assets at amortised cost - term deposits	2.30%	900,001	900,001	-	-

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2019	2018
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	3,491	5,954

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings.

Details of interest rates applicable to each borrowing may be found at Note 13(b).

24. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges at higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2018 or 30 June 2019 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was considered to be insignificant receivable. No expected credit loss was forecast on 1 July 2018 or 30 June 2019 for rates receivable as penalty interest applies to unpaid rates and properties associated with unpaid rates may be disposed of to recover unpaid rates.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2019					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	85,525	43,677	23,831	86,182	239,215
Loss allowance	-	-	-	-	-
01 July 2018					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	112,117	33,156	26,992	77,353	249,619
Loss allowance	-	-	-	-	-

The loss allowance as at 30 June 2019 and 1 July 2018 (on adoption of AASB 9) was determined as follows for sundry receivables. The amounts calculated have not been brought to account as they are considered immaterial.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2019					
Sundry Receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	36,449	692	2,588	14,945	54,673
01 July 2018					
Sundry Receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	
Gross carrying amount	15,401	2,245	1,751	179,461	198,857

24. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 13(d).

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
2019					
Payables	388,618	-	-	388,618	388,618
Borrowings	521,212	1,510,354	1,973,165	4,004,731	3,620,613
	909,830	1,510,354	1,973,165	4,393,349	4,009,231
2018					
Payables	670,843	-	-	670,843	670,843
Borrowings	553,606	2,904,990	2,470,640	5,929,236	4,015,726
	1,224,449	2,904,990	2,470,640	6,600,079	4,686,569

26. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

Whilst many reflected consequential changes associated with the amendment of existing standards, the only new standard with significant application is AASB 9 *Financial Instruments*.

AASB 9 Financial instruments

AASB 9 *Financial Instruments* replaces AASB 139 *Financial Instruments: Recognition and Measurement* for annual reporting periods beginning on or after 1 January 2018, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

The Shire applied AASB 9 prospectively, with an initial application date of 1 July 2018. The adoption of AASB 9 has resulted in changes in accounting policies and adjustments to the amounts recognised in the financial statements. In accordance with AASB 9.7.2.15, the Shire has not restated the comparative information which continues to be reported under AASB 139.

There were no adjustments as a result of adopting AASB9.

(a) Classification and measurement

Under AASB 9, financial assets are subsequently measured at amortised cost, fair value through other comprehensive income (fair value through OCI) or fair value through profit or loss (fair value through P/L). The classification is based on two criteria: the Shire's business model for managing the assets; and whether the assets' contractual cash flows represent 'solely payments of principal and interest' on the principal amount outstanding.

The assessment of the Shire's business model was made as of the date of initial application, 1 July 2018. The assessment of whether contractual cash flows on financial assets are solely comprised of principal and interest was made based on the facts and circumstances as at the initial recognition of the assets.

The classification and measurement requirements of AASB 9 did not have a significant impact on the Shire. The following are the changes in the classification of the Shire's financial assets:

- Trade receivables and Loans and advances (i.e. Other debtors) classified as Loans and receivables as at 30 June 2018 are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest. These are classified and measured as Financial assets at amortised cost beginning 1 July 2018.

- The Shire did not designate any financial assets as at fair value through profit and loss.

(b) Impairment

The adoption of AASB 9 has fundamentally changed the Shire's accounting for impairment losses for financial assets by replacing AASB 139's incurred loss approach with a forward-looking expected credit loss (ECL) approach. AASB 9 requires the Shire to recognise an allowance for ECLs for all financial assets not held at fair value through P/L. Upon adoption of AASB 9, the Shire has assessed the ECL to be insignificant.

27. NEW ACCOUNTING STANDARDS AND INTERPRETATIONS FOR APPLICATION IN FUTURE YEARS

The AASB has issued a number of new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods, some of which are relevant to the Shire.

This note explains management's assessment of the new and amended pronouncements that are relevant to the Shire, the impact of the adoption of AASB 15 *Revenue from Contracts with Customers*, AASB 16 *Leases* and AASB 1058 *Income for Not-for-Profit Entities*. These standards are applicable to future reporting periods and have not yet been adopted.

(a) Revenue from Contracts with Customers

The Shire will adopt AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019.

AASB 15 and AASB 1058 introduces a five step process for revenue recognition with the core principle of the new Standard being for entities to recognise revenue to depict transfer of goods and services to customers in amounts that reflect the consideration (that is the payment) to which the entity expects to be entitled in exchange for those goods or services as performance obligations have been met as specified in the contracts with customers. The impact to the standards may cause the Shire to defer some revenue until all performance obligations have been met.

(b) Leases

The Shire will adopt AASB 16 retrospectively from 1 July 2019 which will result in changes in accounting policies.

On adoption of AASB 16, the Shire will recognise lease liabilities in relation to leases which had previously been classified as an 'operating lease' applying AASB 117. These lease liabilities will be measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate on 1 July 2019.

The Shire will also recognise a right-of-use asset in relation to a lease which had previously been classified as an 'operating lease' applying AASB 117. This right-of-use asset is to be measured as if AASB 16 had been applied since its commencement date by the carrying amount but discounted using the lessee's incremental borrowing rate as on 1 July 2019.

On adoption of AASB 16 Leases (issued February 2016), for leases which had previously been classified as an 'operating lease' when applying AASB 117, the Shire is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

In accordance with the transition provisions of AASB 16, the Shire will apply this standard to its leases retrospectively, with the cumulative effect of initially applying AASB 16 recognised on 1 July 2019. AASB 16 is estimated to cause the majority of leases of the Shire to be brought into the statement of financial position.

In applying AASB 16 for the first time, the Shire will use the following practical expedient permitted by the standard.
- The exclusion of initial direct costs from the measurement of the right-of-use asset at the date of initial application.

(c) Income For Not-For-Profit Entities

The Shire will adopt AASB 1058 Income for Not-for-Profit Entities (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire will adopt the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods shall not be restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes will occur to the following financial statement line items by application of AASB 1058 as compared to AASB 1004 Contributions before the change:

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance give rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates will be recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the Shire. When the taxable event occurs the financial liability will be extinguished and the Shire will recognise income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

SHIRE OF GOOMALLING
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30TH JUNE 2019

28 OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regularity to ensure the carrying value does not differ materially from that which would be determined using fair value at the end of the reporting period.

SHIRE OF GOOMALLING
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30TH JUNE 2019

29. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

PROGRAM NAME AND OBJECTIVES	ACTIVITIES
GOVERNANCE To provide a decision making process for the efficient allocation of scarce resources.	Includes the activities of members of Council and the administrative support available to the Council for the provision of governance to the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.
GENERAL PURPOSE FUNDING To collect revenue to allow for the provision of services.	Rates, general purpose government grants and interest revenue.
LAW, ORDER, PUBLIC SAFETY To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
HEALTH To provide an operational framework for environmental and community health.	Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.
EDUCATION AND WELFARE To provide services to disadvantaged persons, the elderly, children and youth.	Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.
HOUSING To provide housing to staff.	Staff housing, provision of general rental accomodation when buildings not required by staff.
COMMUNITY AMENITIES To provide services required by the community.	Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.
RECREATION AND CULTURE To establish and effectively manage infrastructure and resources which help the social well being of the community.	Maintenance of public halls, civic centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.
TRANSPORT To provide safe, effective and efficient transport services to the community.	Construction and maintenance of roads, streets, footpaths, depots, cycleways and parking facilities.
ECONOMIC SERVICES To help promote the Shire and its economic wellbeing.	Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building control.
OTHER PROPERTY AND SERVICES To monitor and control Council's overhead operating accounts.	Private works operation, plant repair and operation costs, housing and engineering operation costs.

30. FINANCIAL RATIOS

	2019 Actual	2018 Actual	2017 Actual
Current ratio	0.35	0.76	0.89
Asset consumption ratio	0.92	0.95	0.97
Asset renewal funding ratio*	N/A	N/A	N/A
Asset sustainability ratio	0.06	1.06	1.02
Debt service cover ratio	0.63	1.26	1.74
Operating surplus ratio	(0.39)	(0.24)	(0.01)
Own source revenue coverage ratio	0.59	0.68	0.74

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

Notes:

- * The Asset Renewal Funding Ratio was not disclosed in the financial report as the long term financial plan and asset management plan is not current for the relevant years.

Auditor General

INDEPENDENT AUDITOR'S REPORT

To the Councillors of the Shire of Goomalling

Report on the Audit of the Financial Report

Qualified Opinion

I have audited the annual financial report of the Shire of Goomalling which comprises the Statement of Financial Position as at 30 June 2019, the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the annual financial report of the Shire of Goomalling:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2019 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for Qualified Opinion

The Shire has recognised rates revenue from properties that are owned by the Shire, with a corresponding expense in the Statement of Comprehensive Income by Nature or Type and the Statement of Comprehensive Income by Program. This treatment is not in accordance with the presentation requirements of Australian Accounting Standard AASB 101 "Presentation of Financial Statements". Consequently the total revenue and total expenses presented in the Statement of Comprehensive Income by Nature or Type and the Statement of Comprehensive Income by Program are overstated by \$110,140 for the year ended 30 June 2019 and \$112,403 for the year ended 30 June 2018.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the Shire in accordance with the Auditor General Act 2006 and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Note 1 to the annual financial report, which describes the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the Shire's annual financial reporting responsibilities under the Act. Regulation 16 of the Local Government (Financial Management) Regulations 1996, does not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report. My opinion is not modified in respect of this matter.

Responsibilities of the Chief Executive Officer and Council for the Financial Report

The Chief Executive Officer (CEO) of the Shire is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of an annual financial report that is free from material misstatement, whether due to fraud or error.

In preparing the annual financial report, the CEO is responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report.

As part of an audit in accordance with Australian Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the annual financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Shire's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the CEO.
- Conclude on the appropriateness of the CEO's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Shire's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the annual financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report, as we cannot predict future events or conditions that may have an impact.
- Evaluate the overall presentation, structure and content of the annual financial report, including the disclosures, and whether the annual financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Council and the CEO regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Report on Other Legal and Regulatory Requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matters indicate significant adverse trends in the financial position of the Shire:

- a. The current ratio has been below the Department of Local Government, Sport and Cultural Industries' standard for the last three financial years.
 - b. The debt service cover ratio has been below the Department of Local Government, Sport and Cultural Industries' standard for the last three financial years.
 - c. The operating surplus ratio has been below the Department of Local Government, Sport and Cultural Industries' standard for the last three financial years.
- The financial ratios are reported in Note 30 of the annual financial report.
- (ii) The following material matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law were identified during the course of my audit:
 - a. The Shire has not reported the Asset Renewal Funding Ratio for 2019, 2018 and 2017 in the annual financial report as required by section 50(1)(c) of the Local Government (Financial Management) Regulations 1996, as planned capital renewals and required capital expenditure were not estimated in a long term financial plan and asset management plan respectively.
 - b. For 15 employees, there were no signed employment contracts or letters of employment in the Shire's records.
 - c. A review in relation to the appropriateness and effectiveness of the financial management systems and procedures of the local government was not completed at least once in every three financial years as required by Regulation 5(2)(c) of the Local Government (Financial Management) Regulations 1996.
 - d. A review in relation to the appropriateness and effectiveness of the Council's systems and procedures in relation to risk management, internal controls and legislative compliance was not completed at least once in every three financial years as required by Regulation 17 of the Local Government (Audit) Regulations 1996.
 - (iii) All required information and explanations were obtained by me.
 - (iv) All audit procedures were satisfactorily completed.
 - (v) In my opinion, the Asset Consumption Ratio included in the annual financial report was supported by verifiable information and reasonable assumptions.

Other Matter

The annual financial report of the Shire for the year ended 30 June 2018 was audited by another auditor who expressed an unmodified opinion on that annual financial report. The financial ratios for 2017 and 2018 in Note 30 of the audited annual financial report were included in the supplementary information and/or audited annual financial report for those years.

Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the Shire of Goomalling for the year ended 30 June 2019 included on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report to confirm the information contained in this website version of the annual financial report.

CAROLINE SPENCER
AUDITOR GENERAL
FOR WESTERN AUSTRALIA
Perth, Western Australia
20 February 2020

It is with great pleasure that I present Council's Financial Report and other activities for the Shire of Goomalling across the 2018/19 financial year for the 2018/19 Annual Report.

Finance

Council is in difficult financial position and the CEO has written in more detail on this matter. I would like to reassure the Community that the Council is focussed on the task at hand to bring about sustainable change to the Shire of Goomalling and I am encouraged that our staff have the same best interests at heart too.

While we understand that this will take some time to turn around, and that there will be some disappointment in this situation, we are confident that the work that Council and staff have already done, and have planned for the coming years, will provide a sound basis to go forward as a sustainable, effective and efficient organisation.

Roads

Goomalling-Meckering Road upgrade has had a delayed start as our application for clearing permit was being contested. It was eventually approved and works have commenced in December 2019.

In the planning stages of widening Konnongorring West Road between the Northam-Pithara Rd intersection and the CBH entrance, discussions have been ongoing between the Shire, CBH and Arc Infrastructure. Works are expected to commence in the 2019/20 year.

We have been successful in securing funding for repairs on Calingiri Road as part of the Lime Route. These works will commence this year (2020).

Our minor roads are also starting to look good, I thank Dave and the outside crew for their continual maintenance work on our unsealed roads, the results are showing.

Projects

19 solar LED security lights and 14 CCTV cameras were installed to pathways, buildings and carparks within the recreation hub precinct to foster an enhanced sense of safety amongst users. This project was funded by the Australian Government's Safer Communities Fund.

Maintenance works have been carried out on some of the bitumen pavement failures on our town streets and patching of footpaths to even out cracks and bumps. These are only temporary repairs until a more detailed reconstruction can be implemented.

Once again I would like to thank the Wheatbelt Work Camp. The assistance they provide to Council through various town and building maintenance projects is invaluable and it is greatly appreciated.

Council

The Recreation Hub Master Plan was adopted by Council in November 2018, setting the foundation for future developments at the recreation and town hall precincts. Our Community Strategic Plan was also reviewed and was adopted in June 2019.

Thank you to all seven Councillors for their commitment and dedication to our community.

Council staff

Over the 2018/19 period we farewelled Clem Kerp in August and welcomed on board Peter Bentley as CEO in September 2018 and David Long as Works Manager in January 2019. We wish them a long and enjoyable stay in our community. We can already see positive results of the changes they have implemented.

Thank you to both our office staff and outside staff for the work they do to keep our community flourishing and our town looking nice.

In August 2018 the Shire of Goomalling was recognised in the Children's Environment and Health Local Government Policy Awards ceremony, winning the category "Young People Making a Difference in Communities" for the second consecutive year, for the very successful youth event #GoomaTownFest. I congratulate our Youth Officers on their passion and enthusiasm in making these events a success.

Volunteers

A Big Thank You to our volunteer fire fighters, ambulance officers, sporting organisations, recycling initiatives, and the many other volunteer groups for the wonderful work you all do for our community. This is an indispensable feature of a successful regional town and Goomalling do it very well.

Cr Barry Haywood
Shire President

The 2019 year has been a challenging one with a number of changes being made to our original budget for the year. Council reviewed its financial position in depth and has agreed to a number of measures to improve our budgetary position.

- Withdrawal from the aged housing project (\$200,000 saving and debt reduction)
- Made repairs to the CRC Roof at a cost of \$5,000 (reduced debt by \$60,000)
- Agreed to refinance our loan portfolio
- Contracted services as best we could to reduce costs
- Recruited a Works Manager to effectively manage our road network
- A number of other measures to reduce our costs

Over the years we have accumulated a number of fantastic community facilities which we should be rightly proud of, however they have come at a cost and this has left us with high debt levels. Servicing this level of debt puts pressure on us financially and so we are concentrating on refinancing this debt, keeping the services we provide at sustainable levels and bringing our systems and processes up to contemporary levels.

Our Audit this year highlighted a number of matters listed as significant – some of these matters have been dealt with prior to the audit and others are ongoing. A report was required to be prepared for the Minister for Local Government and a copy of that report appears on our website. Advice has been received from the Minister's office that the report is acceptable. This doesn't mean that we are in a financially sound position, but it does mean that the Minister's office has a degree of confidence that we are heading in the right direction. This follows on from our own far reaching review of what we do and how we do it and assessing our financial position.

Our methods of budgeting have changed significantly this year and we now produce 10 year plans for building maintenance, a 20 year plant replacement plan, a 10 year roads program and provide extremely detailed information on our operational expenditures to Councillors. This information is available on our website in the budget document for all to see.

A number of important issues were highlighted during the review which brought about the introduction of many of these planning documents. There is a considerable backlog of building maintenance, our plant is old and in the odd case dangerous, so we will plan for the replacement and upgrades in these areas, but it will be a lengthy process.

Our focus for both this year and next year will be on systems, process and planning to ensure that we stabilise our financial position and to put these things in place to improve our sustainability in coming years. With scarce resources this will take time and it will mean that larger projects will be on hold for the time being but we will return to a stable and predictable future at the end of the process.

This year we also experienced problems with clearing permits, for the Meckering Road in particular, as there was an appeal after it was issued. This resulted in a lengthy appeals process and the work on the Meckering Road had to be postponed to next year. The appeal was eventually dismissed however the delay to our works programme was lengthy. This work will be completed with the next section of the road next year.

We also undertook a review of our Strategic Plan and we will do so again during next year to align the plan with the current Council's aspirations and also align to the electoral cycle. Council adopted the Recreation Master Plan in November 2018 which is a planning document for the future of our recreation precinct. While the plan is not set in stone, it is a guideline to inform us as we progress the various elements of the precinct and is a basis to seek external funding for future development.

Council also reviewed its Heritage Inventory, approved several developments for CBH in Goomalling and Konnongorring and agreed to contribute to the Wheatbelt Secondary Freight Route project which will see potentially several million dollars from the \$70M program be spent on Calingiri Road and potentially the Meckering Road which could free up Regional Road Group funds for other roads.

There were a number of problems with our water treatment plant which provides water to our recreation facility. Some of this was due to the system not being set up to adequately to service the volumes of water used and partly through input water quality with regard to algae. While most of the issues have been rectified, some of the costs incurred had to borne by Council and the contractor also made a significant contribution to the costs of rectification as well. This system continues to be in need of close monitoring and there will be issues with it from time to time until some significant rains help to fill our dams to give us water to shandy with the treated water.

While there are always problems to deal with, there are always silver linings and positive things happening around us as well. Goomalling is a fantastic place to live and we have a great crew in the office helping me in my job here. My thanks to all of my office staff who have all had to endure significant change over the last year and no doubt will do in the coming year as well. It is not easy adapting to such wholesale change and Nat and all of the girls have done a great job but there is more to come!

Dave Long has fitted in really well with the works crew as our Works Manager and no doubt everyone is starting to see his influence in the way that we work and look at our roads and other infrastructure. Again, our outside crew has also had to deal with massive change in the way we work and I also congratulate them on the way that things have now settled in.

The Council has had a serious appetite for change in the way that we do things and as a group has been extremely supportive and understanding of our position. They have all taken the bit between the teeth and taken on board the advice and the changes that we are implementing and have been a keen and cohesive group over my first year in Goomalling. I would like to thank them all for their support.

Peter Bentley
Chief Executive Officer

Strategic Direction

Mission Statement:

Providing good government in developing economic prosperities, social advancement and environmental enhancements.

OBJECTIVES AND STRATEGIES

Leadership

We will continue to advocate on behalf of the community to position our Shire with key stakeholders that will support our success and growth.

Accountable and Sustainable

We will continue to be transparent, display good governance and manage our customer service commitments within our resources.

Advocating Improvement

We are determined to be solution focused, proactively seeking innovative partnerships, working collaboratively with stakeholders and industry to enable growth and ensure that our Shire is sustainable.

The Shire's goal is managing infrastructure assets to meet the required level of service in the most cost effective manner for present and future consumers. The key elements of infrastructure asset management are:

- Taking a cycle approach,
- Developing cost-effective management strategies for the long term,
- Understanding and meeting the demands of growth through demand management and infrastructure investment,
- Managing risks associated with asset failures,
- Sustainable use of physical resources,
- Continuous improvement in asset management practices.

Our Goals

Social

Create an environment that strengthens "a sense of community"
Create an environment that provides for a caring and healthy community
Provide active and passive recreation facilities and services
Provide services and processes to enhance public safety

Economic

Provide effective and efficient transportation network
Facilitate the development of local and regional tourism
Actively support and develop local and new businesses

Natural Environment

Enhance the health and integrity of the natural environment

Built Environment

Manage current and future assets and infrastructure in a sustainable manner

Civic Leadership

Provide accountable and transparent leadership
Maintain and strengthen the Shire's capability and capacity

Our People

Senior Staff

Chief Executive Officer
Mr Peter Bentley

Finance Manager
Miss Natalie Bird

Works & Services Manager
Mr David Long

Health & Building Services
Mr Linton Thomas (Building & Health Surveying Services)

Employee Remuneration 2018/19

In the 2018/19 financial year the Shire of Goomalling had one (1) employees entitled to an annual cash salary of \$100,000 or more in the following bands:

Bands	# Employees
\$100,000 – 109,999	0
\$110,000 – 119,999	0
\$120,000 – 129,999	0
\$130,000 – 139,999	0
\$140,000 – 149,999	1
\$150,000 – 159,999	0
\$160,000 – 169,999	0
\$170,000 – 179,999	0
\$180,000 – 189,000	0

The Shire of Goomalling would be unable to function without the support and dedication of its administration and outside staff and I would like to acknowledge the following staff and identify their role in our operations:

Office Staff

Tahnee Bird	Community Development Officer
Joanna Bywaters	Property Management Officer
Trudi Manera	Finance Officer
Karen Mannaerts	Executive Assistant / Web Officer
Chloe Watson	Executive Assistant
Kristina Perrin	Customer Service Officer
Christine Schorer	Customer Service Officer / Creditors
Hayley Sewell	Admin Officer
Nola Chattaway	Swimming Pool Manager
Monique Broekman	Gym Instructor
Elaine O'Hehir	Dental Receptionist
Keith & Kathy Allen	Caravan Park Caretakers

Elections

No elections were held over the 2018/19 period.

Record Keeping

The Shire of Goomalling has reviewed its Record Keeping Plan in 2017, as required by the State Records Act 2000. The plan and review have been approved by the State Records Commission in 2018 and the next review of the plan is due in 2023. The Shire of Goomalling is committed to ensuring record keeping practices comply with legislation.

Freedom of Information

The Shire of Goomalling has a Freedom of Information Statement prepared in accordance with the Freedom of Information Act 1992. This Statement is reviewed annually and is available on our website or on request at the administration office. It outlines the Shire's functions, the kind of documents held and how the documents can be accessed.

Nil Freedom of Information Applications were received during this report period.

Disability Access and Inclusion Plan

Council continues to make progress on the Disability Access and Inclusion Plan (DAIP) which was adopted by Council on 16 October 2013. A series of outcomes were included in the DAIP for the delivery and monitoring of initiatives and strategies included in the plan.

A full review of Council's Disability Access Plan has been undertaken with community consultation in 2018 and a revised plan was submitted for approval to the Disability Services Commission and approved.

The 2018-2023 Disability Access and Inclusion Plan is available for perusal on Council's website.
