

## COMMUNITY ORGANISATION SURVEY

The information you provide will give the Shire a better understanding of how you currently use facilities, your organisation's capacity and expected growth and needs. This knowledge will influence how the Shire strategically plans for the provision of facilities and services to meet community needs.

The survey has been set up to cater for all not for profit organisations on the Shire's community database. Please place N/A in any sections that are not applicable to your organisation.

COMMUNITY ORGANISATION INFORMATION
