# CHIEF EXECUTIVE OFFICERS REPORT

I am delighted to present the CEOs report as part of the Shire of Goomalling's 2025/26 annual report. Since taking up the Chief Executive Officers position at the start of April 2024 I have set to work implementing essential compliance measures focused on a strategic horizon and I would like to commend the efforts of all staff members and the support of the Shire of Goomalling Council.

Our primary focus is to be of service to the community, and this is highlighted every day with our collaborative partnerships with local business and service providers in a sustainable manner. Now more than ever we need to take the lead and work strategically to build and implement plans that will ensure better financial provisions and assets for future generations.

The labour market and cost escalation not only on materials but essential supply like electricity and delivery charges linked to fuel price escalation has seen vast increases in providing basic services across the portfolio. In saying this the Shire is well positioned being smaller and more agile to deliver in the FY2025-26 and with some significant projects being scoped.

The immediate projects that are signalled for 2025/26 financial year are:

2025/20 illialicial year are,		
Goomalling Swimming Pool- Repairs	\$35,000	
Sewerage Line Upgrade	\$60,000	
Konnongorring West Road	\$350,000	
Realignment		
Generator GSCC recovery centre	\$100,000	
Continuation Quinlan Street re seal	\$174,000	
Town Hall toilets refurbishment	\$40,000	

The Shire focused on making our community's vision a reality and achieving the aspirations defined in our Strategic Community Plan 2019-2029.

As a matter of note community consultation shall begin in 2026/27 to start the journey to implement the Shires Strategic Community Plan 2029-2039. This document shall again be the principal document in the Shires Integrated Planning and Reporting Framework.

The Annual budget theme for 2025/26 continues to focus on the following outcomes;

- Provide a service delivery that reflects value for money in a vibrant rural community
- ➤ Utilise available grant funding to service community needs
- Ensure that an appropriate level of service is reflected in roads and infrastructure
- Ensuring communities are vibrant and connected
- Base all fees and charges on sustainable service delivery principles

To build a sustainable resilient community we require support from both state and federal governments for things like job creation, infrastructure delivery like accommodation, health care and a provision that services transport for the elderly.

I am pleased to report the Shire received an unqualified audit report 2024-25 this echoes positively on our processes and procedures and the professionalism of staff.

The financial status notes a loan liability at the end of the year projected to be \$1,885,702.00 being made up of \$167,068.00 in principle and \$119,501.00 in interest. The Shires financial plan shall see a continued diminishment of these loans moving forward.

Having been in the role over a year as CEO, I am enjoying the challenge, and I look forward to working with Council and the community at large. As the year progresses it is my intent to keep community updated with regular postings on the Shires communication channels and our updated website.

> SAMUEL BRYCE **CHIEF EXECUTIVE OFFICER**

# For the adoption of the Budget for the year ending 30 June 2026

The Shire of Goomalling is required to give local public notice of its intention to levy differential rates in any given year. It must seek and consider public submissions for imposing the 2025/26 differential rates and provide the objects for the imposition for public comment. This has been undertaken for this year.

It was proposed in the objectives that an increase of 7% be levied across the board. This is a 12.83% yield increase on the 2025 financial year and as always with yields, this will mean that some will increase by less and some will increase by more.

Resolutions were adopted by ABSOLUTE MAJORITY at the Special Meeting of Council held on the 28<sup>th</sup>July 2025 to adopt the Annual Budget including the following matters for the year ended 30 June 2026.

The Shire of Goomalling is advertising its proposal to apply differential rates for the 2025/2026 Draft Budget which is expected to deliver an overall rates increase of 7.0% across the board (yield). The advertisement reads as follows:

# SHIRE OF GOOMALLING NOTICE OF INTENTION TO LEVY DIFFERENTIAL RATES

In accordance with Section 6.36 of the Local Government Act 1995, the Shire of Goomalling hereby gives notice of its intention to impose differential rates on ratable property in the Shire of Goomalling in the 2024/2025 financial year.

Details of the proposed Rate in the Dollar and Minimum Rates for each rating category are as follows:

Category of Property	Cents in \$	Minimum Payment \$						
Gross Rental Valuation Rating Categories								
GRV Residential	10.28	\$1,182						
GRV Commercial	12.73	\$1,181						
GRV Industrial	14.445	\$647						
GRV Urban Farmland	09.5229	\$888						
Unimproved Rating Categories								
UV Rural Zone 2	0.4050	\$984						
UV Special Rural	0.880	\$1,316						
UV General Zone 3 Farming	0.3950	\$1,327						

A statement of the Objects and Reasons for the proposed rates and minimum payments is available for inspection on the Shire website <a href="www.goomalling.wa.gov.au">www.goomalling.wa.gov.au</a>, and at the Shire Administration Building, 32 Quinlan Street, Goomalling during normal business hours.

The Shire invites submissions in relation to the proposed differential rates and minimum payments which are to be addressed to the:

Chief Executive Officer Shire of Goomalling PO Box 118 GOOMALLING WA 6460

Or by email to: <a href="mailto:goshire@goomalling.wa.gov.au">goshire@goomalling.wa.gov.au</a> to be received by 1st July 2025 at 10.00am.

Once Council has considered any submissions, the Differential Rates, Minimum Payments and the 2025/26 Budget (with or without modification) will be adopted by Council. All statutory entitlements in relation to rates for pensioner and other concession holders will apply.

SAMUEL BRYCE CHIEF EXECUTIVE OFFICER

#### 2025/2026

The rates in the dollar (\$) and minimum rates shown above are estimates and may be changed as part of the Council's deliberations on any submissions received and finalization of the 2025/26 Budget. All statutory entitlements in relation to rates for pensioner and other concession holders will apply.

The objects and reasons for each proposed rate and minimum payment may be inspected at any time on the Shire's website or at the Shire Office at 32 Quinlan Street, Goomalling during normal business hours.

The Shire invites submissions in relation to the proposed differential rates which are to be addressed to:

Samuel Bryce Chief Executive Officer Shire of Goomalling PO Box 118 Goomalling WA 6460

#### **Executive Summary**

Budget 2025/2026 Differential Rates and Minimum Payments Executive Summary.

- 1. In accordance with the requirements of the Local Government Act 1995, Section 6.33, a local government may impose differential rates having met the characteristics prescribed.
- 2. In accordance with the requirements of the Local Government Act 1995, Section 6.35, a local government may impose a minimum payment which is greater than the general rate which would otherwise be payable on that land.
- 3. In accordance with the requirements of the Local Government Act 1995, Section 6.36, a local government is required to give local public notice of intention of imposing differential general rates and/or minimum payments.

As council had implemented differential and concessional rating in 1997/98, Council will not only be imposing differential rating to all unimproved values within the Shire of Goomalling in 2025/2026, it will also be imposing differential rating and minimum rates to all Gross Rental Valuations within the Shire of Goomalling.

Mining tenements are rated as UV General Zone 3 Farming Minimums.

# **Objects and Reasons for each Proposed Rate and Minimum Payment**

- 1. The continued implementation is seen as necessary by council as a means of redressing inequities in the current rating system which results from significant differences in unimproved values applicable to land in the district.
- 2. As a result of the increased capacity of land production in all areas due to technology and better farming methods which have led to a levelling out of land production capacities in all areas, council's intention is to bring some parity in the rates paid per hectare. As a result, the minimum rate for Zone 2 and Special Rural will decrease this year to remain in line with statutory requirements for numbers on minimum rates. Zone 2 properties are mainly closed development lots (small hobby farms).
- 3. In 2007/2008, the concessional allowance was removed from the central ward as it has been merged with north ward to be designated as the central/north ward. Commencing in 2012/2013, the concessional allowance no longer applied to the south ward. Wards no longer apply as the Shire of Goomalling is now one district within the Town Planning Zones applying from 2015/2016.
- 4. In special rural residential zone, the rate in \$ levied, is the result of the area adjacent to the Goomalling townsite having the beneficial affects close to the Goomalling townsite as compared to other zones within the Shire of Goomalling. It is council's intention to bring some parity in rates levied with these properties affected by GRV's in the Goomalling townsite.
- 5. The minimum rates for Unimproved Values and Gross Rental Values are levied as follows:

Category of Property	Cents in \$	Minimum Payment \$					
Gross Rental Valuation Rating Categories							
GRV Residential	10.28	\$1,182					
GRV Commercial	12.73	\$1,181					
GRV Industrial	14.445	\$647					
GRV Urban Farmland	09.5229	\$888					
	Unimproved Rating Categories						
UV Rural Zone 2	0.4050	\$984					
UV Special Rural	0.8800	\$1,316					
UV General Zone 3 Farming	0.3950	\$1,327					

As in the past, Council has again set Minimum Rates for both UV's and GRV's to ensure all ratepayers are at least paying their fair share towards Council's provision of many works and services which are provided to all members of the community.

In all areas of expenditure, Council reviews every item to ensure that it is providing efficient and effective services to all ratepayers and electors of the Shire of Goomalling. This is never easy as both Federal and State Governments are continually reducing grants relatively which must be accommodated by local governments or face with the fact that services may be reduced. In addition, the rate of inflation in WA for the past year has been at 3.0% which has also added pressures to the 2025/26 year plus having a substantial rise in cost including electricity and water and asset renewal. The Council has been mindful of the cost of living pressures the community is experiencing and intends to limit rate rises this year to a yield rate of 7.0%.

This year's (2025/2026) Budget The LRCIP funding is no longer but will be in another form which we are unsure due to the election and the government just returning to parliament. There are other projects that are partially funded which require Council to make cash contributions, mainly:

- \$214,531 Bitumen Widen/Primerseal, Goomalling-Meckering Rd
- \$211,777 Calingiri Road including line market.
- \$24,000 Konnongorring West Road.
- \$175,000 in Tree Pruning, Bridge & Footpath maintenance
- 6. Unimproved Values and Gross Rental Valuations and Minimum Payments the rates in the dollar \$ for the various differential rates are calculated to provide the shortfall in income required to enable the Shire to provide necessary works and services in the 2025/2026 financial year after taking into account all non-rate sources of income.
- 7. Minimum Payments The minimum payments in UV's and GRV's of:

GRV Residential	\$1,182
GRV Commercial	\$1,181
GRV Industrial	\$647
GRV Urban Farmland	\$888
UV Rural Zone 2	\$984
UV Special Rural	\$1,316
UV General Zone 3 Farming	\$1,327

8. The rates for properties in the Townsites of Goomalling, Jennacubbine and Konnongorring are calculated based on Gross Rental Valuations (GRV's). These GRV's are provided to all Local Governments via Landgate and are assessed every Seven (7) years by Landgate valuers. This five year valuation ensures consistency and a reasonable degree of fairness in the allocation of rates. Properties not on GRV's will be rated based on Unimproved Valuations (UV's) where these properties are situated outside the mentioned three (3) townsites and are located in either Rural Zones 2, 3 and Rural Residential (Special). These valuations (UV's) are updated annually by Landgate.

9. Differential Rates has been part of the Budget for some years especially with Unimproved Valuations, with modifications to categories introduced over time to assist in spreading the rate burden while providing opportunities for increases in overall rate income fairly. Differential Rating will be included for Gross Rental Valuations for the following four (4) categories:

Residential Zone
Commercial Zone
Light Industrial Zone and
Town Environmental Rural Zone 1.

including minimum rate payments for the same mentioned categories.

- 10. The Shire has now received updated valuations for Unimproved Values (Uv's) and Gross Rental Values (GRV's) categories which is the responsibility of Landgate. Both UV's and GRV's will come into force as of 1st July 2025.
  - I. The commentary from Landgate for Unimproved Values is detailed as follows:

# SHIRE OF GOOMALLING – RURAL ASSESSMENTS SUMMARY OF THE GENERAL VALUATION 2024/2025 (DATE OF VALUATION – 1 AUGUST 2024) DATE VALUES IN FORCE – 30 JUNE 2025

The following is a brief summary of changes occurring in the level of value and relatives in the 2025/2026 general revaluation.

Total Valuation \$554,164,500 Average Overall Change (Increase) Approx. 18.08%

Note: This figure could change slightly due to the effect of interim values.

#### 1. OVERALL VARIATION TO UNIMPROVED VALUATIONS

The analysis of sales at and around the date of valuation supports increasing unimproved values for broadacre agricultural properties and rural smallholdings across the shire. There is some degree of variation in the unimproved values to improve co-ordination between some holdings.

No further comment was available.

Some variations to individual assessments may have occurred either as a product of the valuation process and/or the inclusion of updated information such as soil types.

II. Also the commentary from Landgate for Gross Rental Values, which is now in its second year of a Seven (7) year process are detailed as follows:

Overall, Council is proposing a 7.0% yield increase across the board for both Unimproved Values and Gross Rental Values. Due to significant increases in UV values again, generally all UV rates will increase at least a little although there has been a reset of minimums due to the significant change in valuations. Council has adjusted the rate in the dollar for UV to account for the significant valuation movements in this category.

GRV valuations are unchanged and the increase to rates for GRV landholders should be 7.0% or close to that percentage. The valuers at Landgate assess both UV and GRV valuations based on a number of factors as depicted in their commentaries for both categories.

Council has endeavoured to be fair in its use of the differential rating for all categories. Land GRV's are assessed every seven (7) years.

11. The Shire has reviewed its position on providing a number of important services to the community and for the moment has resolved to retain these services as they are, but there are costs associated that affect rates. Some of these services operate at a loss for Council but are retained due to the wider community benefit to residents and ratepayers. Some of these expense areas are loss making or partially funded, some are services without associated income and some are services demanded by the community and they are detailed as follows for the 2025/26 year:

Swimming Pool Operations Cost	\$184,000	
Sewerage System Operation Co	sts	\$217,000
<b>Public Building Operational Cost</b>	S	\$281,000
Public Building Capital Costs		\$6,000
Parks, Grounds & Gardens Oper	ations	\$289,000
Road Maintenance Costs	\$1,039,289,000	
Capital Roadworks Costs	\$4,445,000	
Streetlight Operation Costs	\$ 28,000	
Goomalling Medical Surgery (Lo	\$ 180,000	
Housing Maintenance Costs		\$300,000
	Approx.	\$6,969,000

Perhaps the most important service to be retained by Council is the operation of the Goomalling Medical Surgery and this service will be retained by Council whatever the circumstances may arise because there is no more important service that benefits our community than the health and welfare of our citizens.

12. The raising of rates will enable the Shire to maintain sustainable operations. The Shire is faced with significant increases in relation to State Government related costs in excess of the Perth CPI which is forecast to be in the vicinity of 3.0% for the year.

Notwithstanding the above, Council's revenue through Federal and State Governments' Grants and Subsidies are also declining as a share of GDP, putting extra burden on Councils to maintain sustainable operations. It is this Council's primary objective to provide efficient and effective services in all areas which continue to benefit our community.

In essence the proposed rating structure is a critical element in ensuring ongoing financial sustainability. It is vital in enabling the Shire to deliver its capital works program and provide the continued and important services required by the community.

Note 18	Fees and Charges	28

# 1(a) BASIS OF PREPARATION

The annual budget is a forward looking document and has been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

#### Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the annual budget be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the annual budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### The local government reporting entity

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to the annual budget.

#### 2024/25 actual balances

Balances shown in this budget as 2024/25 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

#### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

#### Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

#### Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2021-2 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies or Definition of Accounting Estimates
- · AASB 2021-6 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards

It is not expected these standards will have an impact on the annual budget.

#### New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-current
- AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
- Non-current Liabilities with Covenants
- AASB 2022-10 Amendments to Australian Accounting Standards
- Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

It is not expected these standards will have an impact on the annual budget.

#### Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- · estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- · impairment of financial assets
- · estimation uncertainties and judgements made in relation to lease accounting
- · estimated useful life of assets

#### 1(b) KEY TERMS AND DEFINITIONS - NATURE OR TYPE

#### **REVENUES**

#### **RATES**

All rates levied under the *Local Government Act* 1995. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

#### **GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

#### **CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### **REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### **FEES AND CHARGES**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

#### **SERVICE CHARGES**

Service charges imposed under *Division 6 of Part 6 of the Local* Government Act 1995. Regulation 54 of the Local Government (*Financial Management*) Regulations 1996 identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water.

Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### INTEREST EARNINGS

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### OTHER REVENUE / INCOME

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

#### **PROFIT ON ASSET DISPOSAL**

Gain on the disposal of assets including gains on the disposal of long-term investments.

#### **EXPENSES**

#### **EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note AASB 119 Employee Benefits provides a definition of employee benefits which should be considered.

#### **MATERIALS AND CONTRACTS**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

#### UTILITIES (GAS, ELECTRICITY, WATER)

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

#### **INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

#### **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

#### **FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

All rateable properties within the district used predominately for non-rural purposes are rated according to their Gross Rental Valuation (GRV), all other properties are rated according to their Unimproved Valuation (UV).

The general rates detailed for the 2025/26 financial year have been determined by Council on the basis of raising the revenue required to meet the estimated deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than general rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

### 3(d) NET CURRENT ASSETS (CONTINUED)

#### **MATERIAL ACCOUNTING POLICIES**

#### **CURRENT AND NON-CURRENT CLASSIFICATION**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

#### **INVENTORIES**

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The Shire contributes to a number of superannuation funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the Shire's intentions to release for sale.

#### **GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### CONTRACT LIABILITIES

Contract liabilities represent the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the Shire measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **EMPLOYEE BENEFITS**

### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the determination of the net current asset position.

### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

### 4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

## MATERIAL ACCOUNTING POLICES

### **CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

### FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### 5. FIXED ASSETS

#### MATERIAL ACCOUNTING POLICIES

#### RECOGNITION OF ASSETS

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### GAINS AND LOSSES ON DISPOSAL

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

### **DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings	30 to 70 years
Furniture and equipment	4 to 13 years
Plant and equipment	5 to 14 years
Swimming Pool Equipment	5 to 14 years
Infrastructure - roads	50 to 70 years
Infrastructure - footpaths	20 to 30 years
Infrastructure - Storm Water drainage	N/A

Infrastructure - Sewerage Equipment 10 to 100 years Infrastructure - Other Infrastructure 4 to 50 years

### **MATERIAL ACCOUNTING POLICIES**

### **BORROWING COSTS**

The Shire has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materiallly different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the unobservable inputs, including own credit risk.

#### MATERIAL ACCOUNTING POLICIES

#### LEASES

At the inception of a contract, the Shire assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

### 11. PROGRAM INFORMATION

### (a) Key Terms and Definitions - Reporting Programs

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

### **OBJECTIVE**

# Governance

To provide a decision making process for the efficient allocation of scarce resources.

#### **ACTIVITIES**

Includes the activities of members of Council and the administrative support available to the Council for the provision of governance to the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

## General purpose funding

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

### Law, order, public safety

To provide services to help ensure a safer and environmentally conscious community.

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

### Health

### **RATES**

### Revenue

### **Rate Income**

Rate income for the year will increase by approximately 7% on increases to UV property revaluations for the 2025/26 financial year of over 18.08%. These increases have come about only through the revaluations undertaken by the State Government through its processes. Council has reduced the rate in the \$ for rural rate categories.

The opening position does not incorporate the early payment for the 2025/26 Financial Assistance Grants. These pre-paid grants have been budgeted in this budget

As is always the case, some property values increase and some decrease and so rates for each individual property can vary significantly. The 12.83% is an average yield increase across all UV and GRV properties.

In accordance with Section 6.50 of the Local Government Act 1995, rates and service charges are due and payable within 35 days from the date of issue on the rate notice. It is proposed to again offer both the two and four instalment options.

#### **Discount**

No provision has been made for early payment discounts.

### **Ex Gratia Rates**

Co-operative Bulk Handling pays an annual levy in lieu of rates, which is based on the annual tonnages stored at their facilities in Goomalling. The levy is increases each year according to the general rate increase levied against all properties, and the tonnage advised by CBH. CBH has advised that the estimated tonnages will decrease to 498,450 tonnes, for the coming year, and it is estimated that approximately \$53,605 will be raised for ex gratia rates.

### **Instalment Admin Fee and Interest on Instalments**

In accordance with the provisions of Section 6.45 of the Local Government Act 1995, Council can impose an additional charge where the payment of rates and service charges is made by way of instalments. The additional charge is for the purpose of cost recovery. The proposed fee is \$10 per instalment, after the first (ie: \$30 per year) and interest on instalments is charged at the rate of 5.5%.

### **Penalty Interest**

Penalty interest is applied to all rates not paid within 35 days of the date of issue on the rate notice. The maximum rate Council can apply is 11%, which is prescribed in Section 6.13 and 6.51 of the Local Government Act 1995 and Regulations 19A and 70 of the Local Government (Financial Management) Regulations 1996.

### **Expense**

Small provisions have been made for printing and stationery, annual revaluations and sundry expenses.

### OTHER GENERAL PURPOSE FUNDING

### Revenue

## **Grants Commission FAGS & Untied Road Grants**

The WA Local Government Grants Commission (the Commission) advised that there would be an advance payment of the 2025-26 Financial Assistance Grants. The payment was received June 30 after this budget was completed, being approximately \$253,245 for general purpose and \$278,375 for untied roads.

Therefore, the remaining 50% will be quarterly payments made in 2025-26.

The advance payment will be recognised as revenue for 2024-25 and any amounts received in advance that remain unspent at 30 June 2025 have been reflected in the balance carried forward into the 2025-26 financial year through the carry forward amounts. All grant amounts and expenses associated with incomplete works for the 2024/25 financial year have been rebudgeted in this document.

### Interest on Investments – Reserves

It is anticipated that with decreasing interest rates that Reserve Fund interest will increase to \$32,391. All interest earned is reinvested into the Reserves. The Reserve Funds are held with the Bendigo Bank on a term deposit type investment which provides for a good balance between return and security.

### Interest on Investments - Municipal

Interest from the Municipal Fund investments is used as general purpose revenue within the budget and remains a small source of revenue each year. The Municipal fund excess funds are also invested with the Bendigo Bank Managed Fund on an at call basis.

### **Bank Fees**

A provision for bank fees has been made.

#### REFUSE COLLECTION

#### Revenue

#### **Household Refuse**

#### **Rubbish Collection Charges**

Rubbish collection charges are levied annually with the rates. It is anticipated that \$144,037 will be raised from residential & commercial refuse charges. It is proposed to increase the fees as follow;

The current charges are:-

Residential Refuse \$359.00
 Residential Refuse \$384.00 (Wongamine, Konnongorring & Jennacubbine)

Overall Councils waste and recycling services will operate at a loss of approximately \$45,000 this year. Costs will escalate by 7.0% during the coming year and increases have been kept at the rate of the Perth CPI.

#### **Other Refuse Collection**

#### Fees & Charges

Provision is made for the sale of 240 litre wheelie bins. The bins are sold "at cost" and any other revenue associated with waste.

### **Kerbside Recycling Service**

Council's kerbside recycling service this year is proposed at a cost of \$111.00 per service per year. This cost also includes a materials handling charge from the processor of the recycling materials.

#### **Expense**

#### **Household Refuse**

#### **Contract Services**

Avon Waste undertakes the collection of rubbish bins on a weekly basis and recycling on a fortnightly basis. This service escalates each year based on the Perth CPI this year will be a start of a new 5 year contract with Avon Waste for both rubbish collection and recycling service.

### PROTECTION OF THE ENVIRONMENT

### **REVENUE**

There is provision made for Skeleton Weed management of approximately \$500,000 in costs and revenue, with Council management and administrative support for the program yielding around \$56,000 in fees. Council has taken over the hosting of the grants for Yilgarn, Lower Lockhart Local Action Groups in addition to the Mortlock group.

The program is operating relatively smoothly. It is unclear as to how long the other groups within the program will remain with the Shire of Goomalling, but the systems are now fully integrated into our budgeting documents.

#### **SEWERAGE**

#### Revenue

### Fees & Charges

Sewerage charges are projected to provide revenue of \$237,000 for the 2024/25 financial year. These charges will be a 7.0% increase on the 2025 fees.

### **Expenses**

Council operates its own Sewerage System and is responsible for the ongoing maintenance. The System is aging and a plan will need to be put in place in coming years for the upgrade of the system. Council also has a recycled water system which provides water to the Recreation facilities for the watering of the ovals. The treatment plant is currently monitored for regular service by contractors and Council employs a plumber to assist with the ongoing maintenance of the sewerage system.

The overall sewerage system and non potable water system operates at loss.

### **SWIMMING AREAS AND BEACHES**

### **Goomalling Pool**

Provision is made for general maintenance only and a contractor has been employed. We may be facing the very real prospect of not opening the pool during the 2025/2026 season if a suitable replacement is not found.

Capital provision for upgrade to the pool, the pool needed repaired, in doing so the plaster is now peeling and lifting, further funds have been allocated to fix up the peeling in the 2025/2026.

### **Expense**

### **PARKS & GARDENS**

## Other Recreation & Sport

Maintenance of Councils parks, gardens and reserves are shown under this heading. This account is a "parent" account for all of the various parks and gardens jobs, which report back to this heading. Further detail on the costings for these jobs is shown in the accompanying pages under Parks & Gardens.

#### **Other Recreational Facilities**

The 10 year Public Building Maintenance Schedules are now complete and this budget takes into consideration issues outlined within the maintenance plan. In addition, some wages are direct costed to where certain employees work and Basic maintenance costs have been apportioned to each facility where appropriate.

### **Youth Zone & Other Recreation**

A provision of \$1,000 has been made for youth activities. Plus a provision of \$30,000 for the road closure of Quinlan St as part of the recreation plan for youth and recreation activities.

# **Roads to Recovery**

Council will receive \$374,782 in funding through the Roads to Recovery program. Plus under project from 24-25 not started Council will receive \$150,000 Expenditure of this funding is shown in the capital section.

#### **Black Spot**

#### **Regional Road Group**

Further RRG Funds will be claimed this year to continue works on the Meckering Road, the widening of the road will continue once the latest clearing permit is granted. Council will have \$733,334 to expend on the RRG projects this year of which \$518,803 is grant funded this year. In addition Council has put forward a Black Spot application for the Konnongorring West/Northam Pithara Intersection for realignment and re-profiling. The total of this project is \$184,500 of which \$123,077 is funded work. This should be completed this year.

Council is also fortunate to have received \$1.87M in funding for repairs to the Calingiri Road as part of the Wheatbelt Secondary Freight Network Program through the Federal Government. Council will be required to contribute a further \$211,777 toward this project totaling \$2.01M, making our contribution less than 7%. Some works have been completed in the 2024/25 financial year. Further funding for road line marking for the WFN has been allocated to Council totaling \$91,428 Council will need to contribute \$8,900 towards the costs.

# OTHER ECONOMIC SERVICES

# **REVENUES**

Provisions are made here for rentals and reimbursements from businesses within the community where they are renting Council Properties.

# **EXPENSE**

Basic building maintenance and operating costs are provided for within this section. Council subsidises Gumnuts by paying for its insurances and this is reflected in the \$6,000 provision for the year.

# **Subdivisions**

Interest is charged to this area for the loan funding associated with the subdivision projects of the past.

### **PLANT OPERATION**

#### Revenue

## **Other Sundry Income**

It is anticipated that \$30,000 will be received from the Diesel Fuel Credits Scheme. This is claimed monthly when preparing the BAS, and is calculated at a rate in the dollar per litre used by plant.

## **Expense**

## Salaries & Wages

Provision is made for the mechanic to service and maintain Councils plant and small equipment, and staff to maintain day to day the plant they have been operating.

### Fuel & Oil

An amount of \$220,000 has been allocated for fuel and oil, based on the usage in the previous year and the increasing cost of fuel.

## **Plant Spares**

Provision for parts, repairs and maintenance to Councils plant and equipment is provided for including \$330,000 for parts, spares and tyres and the full maintenance of our fleet of both heavy and light vehicles.

## **Plant Operation Allocated**

Plant Operation Costs are allocated in a similar manner to Public Works Overheads. The various items of plant have an hourly rate allocated to them and the hours that the plant have been working is allocated to the various cost centres through the payroll.
