John Gibbons

I co-own and run the Goomalling Licensed Post Office with Colette my wife.

I have been married for 29 years and we have two grown up children.

I am passionate about the wheatbelt and wheatbelt way of life, which is illustrated by our media company SkyworksWA.

I believe as a newcomer to Goomalling and as a local business owner, I have a fresh perspective to become a useful contributor to local council.

For many decades my go-to motto has been, and still is: "There are never problems only opportunities", and one of my fundamental life principles is simply to "leave things in a better state than when you found them".
