Final documentation and Certificates of Completion will be submitted to Main Roads WA in February and March, formally closing out this long-anticipated project.

Reconstruction works on Calingiri Road have also been completed, including cement stabilisation and wet mixing where required, delivered by a combined effort of Shire staff and contractors. This section represents the final works currently funded under the Wheatbelt Secondary Freight Network program.

## Notice of an Upcoming Corella Cull

CBH have organised a corella cull (shoot) at their Goomalling site on the following days:

Saturday 14<sup>th</sup> February 2026 from 1:00pm to dark

Sunday 15<sup>th</sup> February 2026 7:00am to 9:00am

The Shire acknowledges that culling of any wildlife is potentially distressing to some people. Unfortunately, it is a measure of last resort which must be taken to protect the larger environment, to minimise the increasing damage these species are causing throughout the community, and to reduce the pest corella population.

FEBRUARY

# GOOMALLING FOOTBALL CLUB

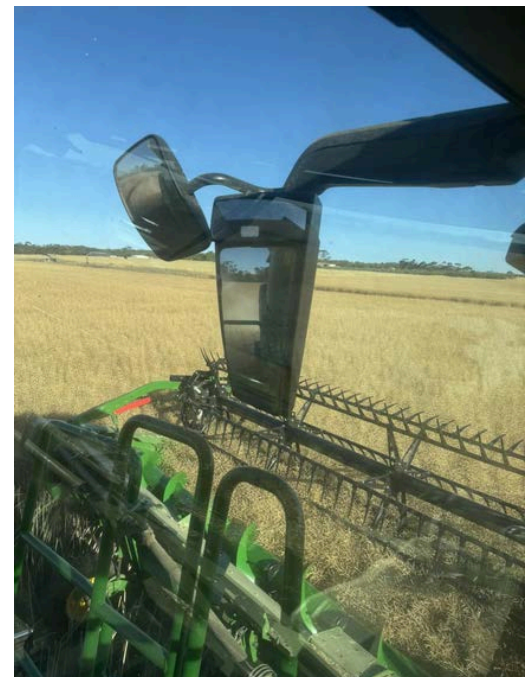

The club canola crop was harvested with thanks to Brendan Barratt and AFGRI Equipment Australia Wongan Hills for the use of their demo John Deere S7 900 Header with a 40ft Hinge Draper front. What a machine! Earlier in the season we also had the use of a demo Bredal K110XE spreader behind a John Deere 8R 340 tractor to put out the urea on the crops.

The use of all three machines is incredibly generous and the continued support of Afgri is greatly appreciated. Thanks BB & team!

Thanks to Micheal Brookes (MTB Logistics) and Toby Bywaters (Bywaters Fertiliser Service) who carted some of the grain, your ongoing support is truly appreciated too.

To all the committee members and players who contributed to this year's crop, your efforts have not gone unnoticed. We've had donations of fertiliser, fuel, trucks and machinery operators, a huge thank you to all.
